To listen by telephone, please call (800) 715-9871 (international callers should dial (646) 307-1963). The meeting identification number is 87316. The webcast will begin at 8:00 a.m., Pacific Time and will remain on the company's website for one year. You cannot record your vote or ask questions on this website or at this phone number.

By Order of the Board of Directors

Bret DiMarco
Senior Vice President, Chief Legal Officer and Secretary

This proxy statement and the accompanying proxy card are being first sent or given to the stockholders on or about January 31, 2025.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement contains forward-looking statements as defined in the Securities Exchange Act of 1934, as amended (the "Exchange Act") and is subject to the safe harbors created therein. The forward-looking statements contained herein are generally identified by the words "believe," "project," "expect," "anticipate," "estimate," "intend," "strategy," "future," "opportunity," "plan," "may," "should," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Forward-looking statements are based on the beliefs and assumptions of our management and on currently available information. A detailed discussion of risks and uncertainties that could cause actual results and events to differ materially from such forward-looking statements is included in our annual report on Form 10-K for the fiscal year ended October 31, 2024. We undertake no responsibility to publicly update or revise any forward-looking statement.

PROXY SUMMARY

The following is a summary which highlights information contained elsewhere in this proxy statement. This summary does not contain all of the information you should consider, and you are urged to read the entire proxy statement carefully before voting.

Voting Matters and Vote Recommendations

We currently expect to consider five items of business at the 2025 annual meeting. The following table lists those items of business and our Board's vote recommendations.

	PROPOSAL	BOARD RECOMMENDATION	REASONS FOR RECOMMENDATION	MORE INFORMATION
(1)	Election of two directors to a three-year term	FOR	The Board and the Nominating/Corporate Governance Committee believe our nominees possess the skills, experience and qualifications to effectively monitor performance, provide oversight and support management's execution of our long-term strategy.	7
(2)	Advisory vote to approve the compensation of our named executive officers	FOR	Our executive compensation program incorporates a number of compensation governance best practices and aligns to our commitment to pay for performance.	56
(3)	Ratification of the independent registered public accounting firm	FOR	Based on their assessment, the Board and the Audit and Finance Committee believe that the appointment of PricewaterhouseCoopers LLP is in the best interests of the company and our stockholders.	57
(4)	Approval of amendment to the Certificate to remove supermajority voting provisions	FOR	The Board believes it is in the best interests of stockholders to remove the supermajority voting requirements contained in the Certificate.	60
(5)	To vote on a stockholder proposal to elect directors annually	NO RECOMMENDATION	The Board makes no recommendation on this proposal.	62

Director Nominees

Our Board is currently divided into three classes serving staggered three-year terms. The following table provides summary information about each of the two director nominees who are being voted on at the annual meeting.

NAME	AGE	DIRECTOR SINCE	OCCUPATION	COMMITTEE MEMBERSHIPS
Otis W. Brawley, M.D.	65	2021	Bloomberg Distinguished Professor of Oncology and Epidemiology Johns Hopkins University	▯ Compensation ▯ Nominating/Corporate Governance
Mikael Dolsten, M.D., Ph.D.	66	2021	Retired President of Worldwide Research, Development and Medical, Chief Scientific Officer and Executive Vice President Pfizer, Inc.	▯ Audit and Finance ▯ Nominating/Corporate Governance

Corporate Governance

The Board is committed to sound and effective governance practices that it believes promote long-term stockholder value and strengthen Board and management accountability to our stockholders, customers and other stakeholders. The following table highlights many of our key governance practices. Specific details on our governance practices can be found starting on page 16.

✓ Nine of our ten directors are independent	✓ Annual Board self-assessment process, including peer evaluations
✓ Independent standing Board committees	✓ Majority voting and director resignation policy in uncontested director elections
✓ Strong independent Chairperson	✓ Continued assessment of highly qualified, diverse and independent candidates for nomination to the Board
✓ Regular meetings of our independent directors without management present	✓ Strong focus on pay-for-performance
✓ Diverse Board with an effective mix of skills, experience and perspectives	✓ Proactive stockholder engagement
✓ Two new independent directors added during the past five years	✓ Policies prohibiting hedging, short selling and pledging of our common stock
✓ Varied lengths of Board tenure with an average tenure of ten years	✓ Robust stock ownership guidelines for executive officers and directors
✓ Proxy access for our stockholders	✓ Robust enterprise risk management approach, overseen by the Board through its Audit and Finance Committee

Stockholder Engagement

We have a year-around stockholder engagement program that reaches a wide variety of stockholders, market participants and potential investors. This program involves periodic discussions with respect to various matters that may be of interest, such as our business, financial and operating performance, corporate governance initiatives, environmental, social responsibility and governance-related disclosures and practices, diversity and inclusion topics, human capital management, risk management, compensation and corporate priorities. Feedback and perspectives from investors gathered from our engagement programs are regularly considered by our management team and Board, as the company seeks to incorporate valuable investor insights into deliberations and decision-making processes.

Responsiveness to 2024 Stockholder Proposal to Eliminate Supermajority Voting Thresholds

In response to the support received at our 2024 annual meeting for the stockholder proposal requesting that we eliminate supermajority voting thresholds in our Certificate and Bylaws, and at the direction of the Board, members of our Board and management conducted outreach to the holders representing over sixty-five percent (65%) of our stock to seek feedback from stockholders on the matter. A significant portion of our stockholder base indicated their support for removing supermajority voting thresholds from our Certificate and Bylaws. The feedback we received from our stockholders on this topic was reviewed and discussed with the Board. After careful consideration of the results of the proposal and the stockholder feedback we received, as well as a review of market practices, the Board has recommended that stockholders approve an amendment to Agilent's Certificate to eliminate the supermajority voting thresholds. The Board has also separately approved amendments to Agilent's Bylaws to eliminate the supermajority voting thresholds contained therein.

Oversight of Cybersecurity Risk

Our security program is based on industry standards including ISO 27002 Code of Practice, NIST and the COBIT 5 Framework. Our policies, standards and operating procedures provide a comprehensive approach to maintain the confidentiality, integrity, and availability of the data and systems in our environment in order to meet our business goals and customer needs.

Security is a company-wide approach, and we continuously invest in our people, processes and tools to strengthen our security posture to protect both Agilent's and our customers' data. This includes educating our workforce on an on-going basis of cybersecurity threats and their role in our overall security approach. All users, including our employees and third party contractors, are required to complete annual training and to confirm their understanding of and compliance with our "Acceptable Use of Information Systems Policy" to retain access to our systems.

To support our company-wide approach, we have a dedicated IT Information Security and Risk Management (ISRM) department that is accountable for the following key areas: policy, standards and operating procedures, IT compliance, IT risk management, threat and vulnerability management, security awareness and security operations, which includes comprehensive security incident management, reporting and response protocols that are tested and maintained on a regular basis. We also engage external consultants to complete independent program and capability assessments, including scanning of our systems for vulnerabilities. The head of our ISRM organization, together with our Chief Information Officer, provide periodic updates to the Audit and Finance Committee regarding our cybersecurity program, including information about cyber risk management governance and status updates on various projects intended to enhance the overall cybersecurity posture of the company.

Corporate Social Responsibility (including as to ESG Matters)

We are strongly committed to progress on environmental, social responsibility and governance (ESG) issues. This commitment is an important part of our mission – to advance the quality of life – and aligned with our core business objectives. In the past year, we have continued to take proactive actions to protect the health and safety of our employees, customers, partners and suppliers. We announced our commitment to achieve net-zero greenhouse gas emissions by 2050. We believe that, with our culture of innovation, we are in a strong position to contribute important solutions to reducing greenhouse gas emissions. As a company, we are committed to continued sustainable business operations, thoughtful social responsibility initiatives and maintaining governance structures that promote effective oversight.

Environmental Sustainability

In fiscal year 2021, we announced our commitment to achieve net-zero greenhouse gas emissions no later than 2050. To achieve these goals, we have also committed to interim greenhouse gas reduction targets. By 2030, we aim to reduce absolute scope 1 and 2 emissions by 50% and scope 3 emissions by at least 30% (with a stretch goal of 40%) from a base year of 2019. In addition, we plan to continue to invest in renewable energy and focus on three areas where our carbon footprint is greatest: purchased goods and services, sold products, and transportation and distribution. As part of our climate action plan, we have established near and long-term emission reduction targets to limit planetary warming to 1.5°C above pre-industrial levels which have been approved by the Science Based Targets initiative ("SBTi"). To provide investors with meaningful sustainability information, we also announced that we are adopting the Task Force on Climate-related Financial Disclosures (TCFD) recommendations for disclosing climate-related risks, alongside our reporting in accordance with standards promulgated by the Sustainability Accounting Standards Board (SASB) and the Global Reporting Initiative (GRI).

Diversity and Inclusion

As a global company, much of our success is rooted in the diversity of our teams and our commitment to inclusion. We value diversity at all levels and continue to focus on extending our diversity and inclusion initiatives across our entire workforce, from providing managers transparency of their workforce pay equity to working with managers to develop strategies for building diverse teams and promoting the advancement of leaders from different backgrounds. Agilent is committed to creating a diverse work environment and is proud to be an equal opportunity employer. We believe in an inclusive workforce, where employees from a number of cultures and countries are engaged and encouraged to leverage their collective talents. As of October 31, 2024, approximately 50% of our Board is comprised of directors representing historically underrepresented groups as of the date of this

report. We have launched a number of company-wide initiatives including employee-network groups aimed at promoting engagement of traditionally historically underrepresented groups of employees.

Oversight and Management of Corporate Social Responsibility (including as to ESG Matters)

Our Board, through its Nominating/Corporate Governance Committee, oversees Agilent's ESG program and the progress of our ESG efforts and initiatives. The Nominating/Corporate Governance Committee formally reviews our ESG efforts, including our sustainability initiatives, within the organization and reports to the Board on a regular basis. The Nominating/Corporate Governance Committee charter is located in the Investor Relations section of our website and can be accessed by clicking on "Committee Charters" or "Governance Documents" in the "Governance" section of our investor relations web page at www.investor.agilent.com. The Board and its Compensation Committee oversee the administration of the company's employee benefits, including health and compensation plans.

For more information, refer to our annual Environmental, Social and Governance report, which is available on our website. Our Environmental, Social and Governance report and website are not part of or incorporated by reference into this proxy statement.

PROPOSAL 1 – ELECTION OF DIRECTORS

Our Board is divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires. Our Bylaws, as amended, allow the Board to fix the number of directors by resolution. Our Board currently consists of ten directors divided into three classes.

The terms of our two directors Class I will expire at this annual meeting. The current composition of the Board and the term expiration dates for each director are as follows:

Class	Directors	Term Expires
I	Otis W. Brawley, M.D. and Mikael Dolsten, M.D., Ph.D.	2025
II	Heidi K. Kunz, Sue H. Rataj, George A. Scangos, Ph.D. and Dow R. Wilson	2026
III	Mala Anand, Koh Boon Hwee, Padraig McDonnell and Daniel K. Podolsky, M.D.	2027

Please review our Director Qualifications Matrix and related disclosure below for deeper insight into the skills, experiences and diversity of our carefully constructed Board of Directors as a whole.

About Agilent

Agilent Technologies Inc. is a global leader in analytical and clinical laboratory technologies, delivering insights and innovation that help our customers bring great science to life. Agilent's full range of solutions includes instruments, software, services, and expertise that provide trusted answers to our customers' most challenging questions. During fiscal year 2024, our three business segments were comprised of the life sciences and applied markets business, the diagnostics and genomics business and the Agilent CrossLab business. Beginning with the first quarter of fiscal year 2025, our three business segments are comprised of life sciences and diagnostics markets, applied markets and Agilent CrossLab.

Director Qualification and Diversity Matrix

The members of the Board have a diversity of experience and a wide variety of backgrounds, skills, qualifications and viewpoints that strengthen their ability to carry out their oversight role on behalf of our stockholders. The following matrix is provided to illustrate the knowledge, skills and experience of the directors that serve on our Board, as well as certain diverse characteristics. The matrix does not encompass all of the knowledge, skills and experience of our directors, and the fact that a particular knowledge, skill or experience is not listed does not mean that a director does not possess it. In addition, the absence of a particular knowledge, skill or experience with respect to any of our directors does not mean the director in question is unable to contribute to the decision-making process in that area. However, a mark indicates a specific area of focus or expertise that the director brings to our Board. The determination of which particular knowledge, skill or experience is an area of focus or expertise for a director is based on their prior business and industry experience, training and background. More information on each director's qualifications and background can be found in the following director biographies. We regularly review the attributes required of Board members in order to better facilitate our long-term goals and operational performance, enhance our corporate culture and promote diversity and inclusiveness at our company. We continue to look at refreshment of the Board especially in light of the transition period we are in.

In addition, Dr. Dolsten brings considerable public company director experience as well as extensive experience within our industry and expertise in business finance.

Vote Required

Under our majority voting standard, in uncontested elections of directors, such as this election, each director must be elected by the affirmative vote of a majority of the votes cast by the shares present at the annual meeting or represented by proxy and entitled to vote. A “majority of the votes cast” means that the number of votes cast “FOR” a director must exceed 50% of the votes cast with respect to that director, including votes to withhold authority. Abstentions and broker non-votes will not count as a vote cast and thus will have no effect in determining whether a director nominee has received a majority of the votes cast.

The Board of Directors recommends a vote FOR the election to the Board of each of the foregoing nominees.

The directors whose terms are not expiring this year and who will continue to serve as a director are listed below. They will continue to serve as directors for the remainder of their terms or such other date, in accordance with our Bylaws. Dr. Podolsky has served as President of the University of Texas Southwestern Medical Center, a leading academic medical center, patient care provider and research institution, since September 2008. Previously Dr. Podolsky also served concurrently as Mallinckrodt Professor of Medicine at Harvard Medical School and the Chief of Gastroenterology at Massachusetts General Hospital. From 2005 to 2008, Dr. Podolsky served as Chief Academic Officer and Faculty Dean, Academic Programs of Partners Healthcare System, Inc., a non-profit health care system committed to patient care, research, teaching and service. Dr. Podolsky holds the Philip O'Bryan Montgomery, Jr., M.D. Distinguished Presidential Chair in Academic Administration, and the Charles Cameron Sprague Distinguished Chair in Biomedical Science. He is a member of the Board of the Southwestern Medical Foundation.

Qualifications

Dr. Podolsky brings scientific expertise to the Board, and his current responsibilities in leading a large academic medical center give him relevant insight into healthcare delivery.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Directors who are employed by us do not receive any compensation for their Board services. As a result, Mr. McDonnell, our Chief Executive Officer, received no additional compensation for his services as a director. The general policy of the Board is that compensation for non-employee directors should be a mix of cash and equity-based compensation that is competitive with the compensation paid to non-employee directors within our peer group. The non-employee directors' compensation plan year begins on March 1 of each year (the "Plan Year").

Summary of Non-Employee Director Annual Compensation for the 2024 Plan Year

The table below sets forth the annual retainer, equity grants and applicable committee retainers for the non-employee directors and the Non-Executive Chairperson for the 2024 Plan Year. Each non-employee director may elect to defer all or part of the cash compensation to the 2005 Deferred Compensation Plan for Non-Employee Directors ("Director Deferral Plan"). Any deferred cash compensation is notionally invested into deferred shares of our common stock.

Board Compensation Elements	Member [1]	Chair [2]
Board Cash Retainer	$105,000	$155,000
Audit and Finance Committee Retainer	$10,000	$25,000
Compensation Committee Retainer	-	$20,000
Nominating/Corporate Governance Committee Retainer	-	-
Annual Stock Grant [3]	$235,000 value	

1. Non-employee directors who serve as a member of the Audit and Finance Committee (excluding the Audit and Finance Committee Chair) receive an additional retainer which is payable in cash at the beginning of each Plan Year.
2. Non-employee directors who serve as the chairperson of the Board or a Board committee (except that the Non-Executive Chairperson of the Board does not receive an additional retainer for service as chairperson of any Board committee) receive an additional retainer which is payable in cash at the beginning of each Plan Year.
3. The stock is granted on the later of (i) March 1 or (ii) the first trading day after each annual meeting of stockholders. The number of shares underlying the stock grant is determined by dividing $235,000 by the average fair market value of our common stock over 20 consecutive trading days up to and including the day prior to the grant date. The stock grant vests immediately upon grant and may be deferred pursuant to the Director Deferral Plan.

A non-employee director who joins the Board after the start of the Plan Year will have his or her cash retainer, equity grant and applicable committee retainer pro-rated based upon the remaining days in the Plan Year that the director will serve.

Non-Employee Director Compensation for fiscal year 2024

The table below sets forth information regarding the compensation earned by each of our non-employee directors during the fiscal year ended October 31, 2024:

Name	Cash Retainer [1] ($)	Non-Executive Chair Retainer [1] ($)	Committee Chair Retainer [1] ($)	Audit Committee Member Retainer [1] ($)	Stock Awards [2][3] ($)	Total ($)
Mala Anand	105,000	-	-	-	247,471	352,471
Hans E. Bishop[4]	105,000	-	-	-	247,471	352,471
Otis W. Brawley, M.D.	105,000	-	-	-	247,471	352,471
Mikael Dolsten, M.D., Ph.D.	105,000	-	-	10,000	247,471	362,471
Koh Boon Hwee [5]	105,000	155,000	-	-	247,471	507,471
Heidi Kunz	105,000	-	-	-	247,471	352,471
Daniel K. Podolsky, M.D.	105,000	-	-	10,000	247,471	362,471
Sue H. Rataj	105,000		-	10,000	247,471	362,471
George A. Scangos, Ph.D.	105,000	-	20,000	-	247,471	372,471
Dow R. Wilson	105,000	-	25,000	-	247,471	377,471

1. Reflects all cash compensation earned or paid during fiscal year 2024, including amounts deferred pursuant to the Director Deferral Plan. Dr. Podolsky elected

to defer 50%, and Mr. Bishop, and Dr. Brawley each elected to defer 100% of all cash fees earned in fiscal year 2024 to the Director Deferral Plan. The number of deferred shares of our common stock notionally credited in lieu of cash pursuant to the Director Deferral Plan is determined by dividing the dollar value of the deferred cash amount by the twenty (20) day average fair market value for the applicable deferral date.

2. Reflects the aggregate grant date fair market value for stock awards granted in fiscal year 2024 calculated in accordance with ASC Topic 718. For more information regarding our application of ASC Topic 718, including the assumptions used in the calculations of these amounts, please refer to Note 5 of our Consolidated Financial Statements contained in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024. The dollar values of the stock awards represent stock grants of 1,678 shares for each non-employee director.
3. Stock Awards granted to non-employee directors vest immediately upon grant. Therefore, there are no unvested stock awards outstanding at fiscal year-end.
4. Mr. Bishop retired from the Board of Directors effective May 23, 2024.
5. Mr. Koh has served as the Non-Executive Chairperson of the Board since March 15, 2017.

Non-Employee Director Reimbursement

Non-employee directors are reimbursed for travel and other out-of-pocket expenses incurred in connection with their service on our Board.

Non-Employee Director Stock Ownership Guidelines

Non-employee directors are required to own shares of our common stock having a value of at least six times an amount equal to the annual cash retainer. The shares counted toward the ownership guidelines include shares owned outright and the shares of our common stock in the non-employee director's deferred compensation account. For recently appointed non-employee directors, these ownership levels must be attained within five years from the date of their initial election or appointment to the Board of Directors. All of our incumbent non-employee directors have either achieved the recommended ownership level or are expected to achieve the recommended ownership level within five years of their initial election or appointment to our Board.

CORPORATE GOVERNANCE

We have had formal corporate governance standards in place since our inception in 1999. We have reviewed internally and with the Board the provisions of the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley Act”), the rules of the Securities and Exchange Commission (“SEC”) and the New York Stock Exchange’s (“NYSE”) corporate governance listing standards regarding corporate governance policies and processes and are in compliance with the rules and listing standards. We also regularly review the published guidelines of our major holders and the annual updated guidance of the major proxy advisory firms and the Board regularly discusses the trends in governance.

We have adopted charters for our Audit and Finance Committee, Compensation Committee, Executive Committee and Nominating/Corporate Governance Committee consistent with the applicable rules and standards. Our committee charters, Amended and Restated Corporate Governance Standards, Standards of Business Conduct and Director Code of Ethics are located in the Investor Relations section of our website and can be accessed by clicking on “Committee Charters” or “Governance Documents” in the “Governance” section of our investor relations web page at www.investor.agilent.com.

Board Leadership Structure

We currently separate the positions of Chief Executive Officer and Chairperson of the Board. Mr. Koh was appointed chairperson of the Board in March 2017. The responsibilities of the chairperson of the Board include: setting the agenda for each Board meeting in consultation with the chief executive officer; chairing the meetings of independent directors; and facilitating and conducting, with the Nominating/Corporate Governance Committee, the annual self-assessments by the Board and each standing committee of the Board, including periodic performance reviews of individual directors. Separating the positions of chief executive officer and chairperson of the Board allows our chief executive officer to focus on our day-to-day business and long-term business strategy, while allowing the chairperson of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management. The Board believes that having an independent director serve as chairperson of the Board is the appropriate leadership structure for the company at this time.

However, our Corporate Governance Standards permit the Board to fill the roles of the Chairperson of the Board and the Chief Executive Officer with the same or different individuals. This provides the Board with flexibility to determine whether the two roles should be combined in the future based on our needs and the Board’s assessment of our leadership from time to time. Our Corporate Governance Standards provide that in the event that the chairperson of the Board is also the chief executive officer, the Board may consider the election of an independent Board member as a lead independent director.

In 2022, we amended the Corporate Governance Standards to remove the mandatory retirement age for directors. The Board made the change in recognition of the contribution that experienced directors, with knowledge of the company, bring to effective Board oversight and of the active role the Board plays in director refreshment and management. The Board believes that the skill-set and perspectives of its members should remain sufficiently current and broad in dealing with current and changing business dynamics, and therefore seeks to maintain a balance of directors with varying lengths of service and ages. The Board recognizes that a mandatory retirement age may have the unintended consequence of forcing the Board and the company to lose the contribution of directors who over time have developed increased knowledge of and valuable insight into the company and its operations. The Board also believes that there are other, more effective and tailored means to ensure the Board has the right mix of skill-sets, backgrounds and experiences, including periodic Board refreshment and robust annual self-assessments. The Nominating/Corporate Governance Committee will continue to evaluate our Board members annually and evaluate Board refreshment to ensure the Board continues to reflect the success of our business and represent our stockholders' interests by evaluating our directors qualifications, skills, diversity and experience.

Board Assessment

We annually evaluate the performance of the Board and its Committees. The Board believes it is important to assess both its overall performance and the performance of its Committees and to solicit and act upon feedback received, where appropriate. As part of the Board’s self-assessment process, directors consider various topics related to Board composition, structure, effectiveness, and responsibilities, as well as the overall mix of director skills, experience, and backgrounds. From time to time, these evaluations are conducted by an independent third party to refresh the process.

Board's Role in Strategy and Risk Oversight

One of the key Board responsibilities is to engage deeply with management on our strategy, strategic planning process and business-related priorities as we navigate an evolving industry environment, consider industry trends, our competitive position, technological developments and stakeholder-related developments relevant to our business. The Board conducts a comprehensive review of the company's strategic plans and overall business every year and works with management to evaluate potential opportunities and risks and assess the company's progress in meeting various strategic goals. This process enables the Board to oversee, assess and consider adjustments with management to the company's strategy over the short, intermediate and long term.

The Board has the ultimate responsibility for, and is actively engaged in, oversight of the company's risk management both at the full Board level and through its committees. The full Board is kept abreast of risk oversight and other activities of its committees through reports of the committee chairpersons to the full Board during Board meetings. Senior management may also provide risk assessment reports directly to the Board on certain issues, including by invitation of the Board.

The Audit and Finance Committee has primary responsibility for overseeing our enterprise risk management program, which encompasses, among other topics, the primary risks facing the company and associated risk mitigation measures, compliance and regulatory, information technology and cybersecurity, environmental and sustainability, key site and public health risks. The Audit and Finance Committee receives updates and discusses individual and overall risk areas during its meetings, including our financial risk assessments, cybersecurity program and cyber risk management governance, risk management policies and major financial risk exposures and the steps management has taken to monitor and control such exposures.

The Compensation Committee oversees risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. The Compensation Committee receives reports and discusses whether our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the company. The Compensation Committee also oversees risks relating to organization talent and culture and human capital management, including diversity and inclusion programs and initiatives.

The Nominating/Corporate Governance Committee oversees the management of risks related to corporate governance matters, including director independence, Board composition and succession and overall Board effectiveness, as well as risks and opportunities associated with ESG matters.

Majority Voting for Directors

Our Bylaws provide for majority voting of directors regarding director elections. In an uncontested election, any nominee for director shall be elected by the vote of a majority of the votes cast with respect to the director. A "majority of the votes cast" means that the number of shares voted "FOR" a director must exceed 50% of the votes cast with respect to that director, including votes to withhold authority. Abstentions and broker non-votes will not count as a vote cast and thus will have no effect in determining whether a director nominee has received a majority of the votes cast. If a director is not elected due to a failure to receive a majority of the votes cast and his or her successor is not otherwise elected and qualified, in accordance with our bylaws, the director shall promptly offer to tender his or her resignation following certification of the stockholder vote.

The Nominating/Corporate Governance Committee will consider the resignation offer and recommend to the Board whether to accept or reject it, or whether other action should be taken. The Board will act on the Nominating/Corporate Governance Committee's recommendation within 90 days following certification of the stockholder vote and disclose their decision and the rationale behind it. Any director who tenders his or her offer to resign pursuant to the Bylaws shall not participate in the Nominating/Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Board Communications

Stockholders and other interested parties may communicate with the Board and our Non-Executive Chairperson of the Board by filling out the form at "Contact the Chairperson" under "Governance" at www.investor.agilent.com or by writing to Koh Boon Hwee, c/o Agilent Technologies, Inc., Chief Legal Officer, 5301 Stevens Creek Blvd., MS 1A-11, Santa Clara, California 95051. The Chief Legal Officer will perform a legal review in the normal discharge of duties to ensure that communications forwarded to the Non-Executive

Chairperson preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the "Unrelated Items") will be logged, but not be forwarded to the Non-Executive Chairperson. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Non-Executive Chairperson.

Any communication that is relevant to the conduct of our business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Non-Executive Chairperson and any other independent director on request. The independent directors grant the Chief Legal Officer discretion to decide what correspondence shall be shared with our management and specifically instruct that any personal employee complaints be forwarded to our Human Resources Department, as appropriate.

Director Stockholder Meeting Attendance

We encourage, but do not require, our Board members to attend the annual meeting of stockholders. One of our Board members attended the 2024 annual meeting of stockholders.

Director Independence

We have adopted standards for director independence in compliance with the NYSE corporate governance listing standards. These independence standards are set forth in our Corporate Governance Standards. The Board has affirmatively determined that all of our directors meet these independence standards with the exception of Padraig McDonnell because of his role as our President and Chief Executive Officer.

Our non-employee directors meet at regularly scheduled executive sessions without management. The Non-Executive Chairperson of the Board presides at executive sessions of the non-employee directors.

Compensation Committee Member Independence

We have adopted standards for Compensation Committee member independence in compliance with the NYSE corporate governance listing standards. In affirmatively determining the independence of any director who will serve on the Compensation Committee, the Board considers all factors specifically relevant to determining whether such director has a relationship to the company or any of its subsidiaries which is material to such director's ability to be independent from management in connection with the duties of a compensation committee member, including, but not limited to:

- the source of compensation of such director, including any consulting, advisory or other compensatory fee paid by the company to such director; and
- whether such director is affiliated with the company or a subsidiary of the company.

Director Nomination Criteria: Qualifications and Experience

The Nominating/Corporate Governance Committee will consider director candidates for nomination by stockholders, provided that the recommendations are made in accordance with the applicable procedures in the Bylaws as described in the section entitled "General Information" located at the end of this proxy statement. Candidates recommended for nomination by stockholders that comply with these procedures will receive the same consideration as other candidates recommended by the Nominating/Corporate Governance Committee.

We typically hire a third-party search firm to help identify and facilitate the screening and interview process of candidates for director. To be considered by the Nominating/Corporate Governance Committee, a director candidate must have:

- a reputation for personal and professional integrity and ethics;
- executive or similar policy-making experience in relevant business or technology areas or national prominence in an academic, government or other relevant field;

- breadth of experience;
- soundness of judgment;
- the ability to make independent, analytical inquiries;
- the willingness and ability to devote the time required to perform Board activities adequately;
- the ability to represent the total corporate interests of the company; and
- the ability to represent the long-term interests of stockholders as a whole.

In addition to these minimum requirements, the Nominating/Corporate Governance Committee will also consider whether the candidate's skills are complementary to the existing Board members' skills; the diversity of the Board with respect to factors such as age, race, gender, national origins, experience in technology, manufacturing, finance and marketing, international experience and culture; and the Board's needs for specific operational, management or other expertise. The Nominating/Corporate Governance Committee from time to time reviews the appropriate skills and characteristics required of Board members, including factors that it seeks in board members such as diversity of business experience, viewpoints and personal background, and diversity of skills and experience in technology, finance, marketing, international business, financial reporting and other areas that are expected to contribute to an effective Board of Directors. In evaluating potential candidates for the Board of Directors, the Nominating/Corporate Governance Committee considers these factors in the light of the specific needs of the Board of Directors at that time. The search firm screens the candidates, does reference checks, prepares a biography of each candidate for the Nominating/Corporate Governance Committee to review and helps set up interviews. The Nominating/Corporate Governance Committee and our Chief Executive Officer interview candidates that meet the criteria, and the Nominating/Corporate Governance Committee selects candidates that best suit the Board's needs. From time to time, the Board may ask other members of management, such as our Chief Financial Officer and Chief Legal Officer, to meet with candidates.

Our Bylaws provide a proxy access right for stockholders, pursuant to which a stockholder, or a group of up to 20 stockholders, owning at least three percent of our outstanding common stock continuously for at least three years, may nominate and include in our proxy materials director nominees constituting up to the greater of two individuals or twenty percent of the Board, subject to certain limitations and provided that the stockholders and the nominees satisfy the requirements specified in our Bylaws.

Committees of the Board of Directors

Our Board met seven times in fiscal 2024. Each director attended at least 75% of the aggregate number of Board and applicable committee meetings held when the director was serving on the Board. Related Person Transactions Policy and Procedures

Our Amended and Restated Standards of Business Conduct and Director Code of Ethics require that all employees and directors avoid conflicts of interests that interfere with the performance of their duties or the best interests of the company. In addition, we have adopted a written Related Person Transactions Policy and Procedures (the "Related Person Transactions Policy") that prohibits any of our executive officers, directors or any of their immediate family members from entering into a transaction with the company, except in accordance with the policy. For purposes of the policy, a "related person transaction" includes any transaction involving the company and any related person that would be required to be disclosed pursuant to Item 404(a) of Regulation S-K.

Our Related Person Transactions Policy provides that the Nominating/Corporate Governance Committee or, at the Nominating/Corporate Governance Committee's request, the disinterested members of the Board review related person transactions in accordance with the terms of the policy. In making the determination whether to approve or ratify a transaction, the Nominating/Corporate Governance Committee or the disinterested members of the Board shall consider all relevant available information and, as appropriate, must take into consideration the following:

- the size of the transaction and the amount payable to the related person;
- the nature of the interest of the related person in the transaction;
- whether the transaction may involve a conflict of interest; and
- whether the transaction involves the provision of goods or services to the company that are available from unaffiliated third parties and, if so, whether the transaction is on terms and made under circumstances that are at least as favorable to the company as would be available in comparable transactions with or involving unaffiliated third parties.

The Related Person Transactions Policy provides for standing pre-approval of the following transactions with related persons:

1. Any transaction with another company at which a related person's only relationship is as an employee (other than an executive officer or an equivalent), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of (i) $1,000,000, or (ii) 2 percent of that company's total annual revenues.
2. Any charitable contribution, grant or endowment by the company to a charitable organization, foundation or university at which a related person's only relationship is as an employee (other than an executive officer or an equivalent), a director or a trustee, if the aggregate amount involved does not exceed the lesser of (i) $500,000, or (ii) 2 percent of the charitable organization's total annual receipts.

Transactions with Related Persons

We purchase services, supplies, and equipment in the normal course of business from many suppliers and sell or lease products and services to many customers. In some instances, these transactions occur with companies with which members of our management or Board have relationships as directors or executive officers. For transactions entered into during fiscal year 2024, no related person had or will have a direct or indirect material interest. While not required under the policy, the members of the Nominating/Corporate Governance Committee, excluding the respective related person for his company's transactions only, reviewed, approved and ratified certain ordinary course commercial transactions with Pfizer Inc. ("Pfizer") and the University of Texas Southwestern Medical Center ("UTSW").

Mikael Dolsten, M.D., Ph.D., is the retired President of Worldwide Research, Development and Medical, Chief Scientific Officer and Executive Vice President of Pfizer, and Daniel K. Podolsky, M.D., is the President of UTSW.

Dear Stockholder,

2024 was a year of continued macro-economic challenges in the life sciences market. Customer investment, which spiked dramatically following COVID-19, remained subdued for a second straight year. Meanwhile, persistent high interest rates, macro-economic uncertainty, and geopolitical instability created top-line headwinds to growth. As a result, Agilent took decisive actions to address its cost structure and outlined a series of Transformation Initiatives focused on future growth opportunities and additional operating efficiencies. As a result of these actions, EPS only declined 3% while revenue declined by 5%.

As a Committee we believe that our executive compensation program should be strongly tied to company performance and align our leadership team with our stockholders' interests. As such, funding for Agilent's FY24 executive compensation program appropriately reflected business performance below plan, including funding for the corporate Pay for Results (PFR) plan at 57% and long-term performance plan (LTPP) awards paying out at 56% and 87% for the total shareholder return (TSR) and earnings per shares (EPS) programs respectively. These results illustrate that our programs are effectively linking rewards to performance, and we are pleased that our stockholders continue to show support for our compensation programs, as demonstrated by our most recent Say on Pay proposal vote result of 89% and the strong sentiments received on our executive compensation program during individual stockholder outreach meetings that occurred the past year.

Fiscal year 2024 was also a year of leadership transition within Agilent that directly influenced our compensation decisions. We began the year with a seasoned leader in Mike McMullen entering his tenth year as Agilent's CEO and his 40th year at Agilent. We knew that Mike was beginning to think about retirement although no plans were set when we made our fiscal year 2024 compensation decisions. We also experienced the attrition of several senior business leaders near the end of last year for top roles at other companies, and then in early 2024 Mr. McMullen informed the Board of his intent to retire at the end of the fiscal year. Fortunately, the Board engages in ongoing talent and succession planning discussions, which served us well as we navigated these changes. In February, we announced Mr. McMullen's plans to retire and simultaneously named Padraig McDonnell, who was Agilent's Chief Commercial Officer and President, Agilent CrossLab Group as COO and CEO-elect. On May 1, 2024 Mr. McDonnell officially became Agilent's 4th CEO and Mr. McMullen transitioned into an advisory role supporting Padraig on a variety of matters before formally retiring on October 31, 2024.

These leadership transitions figured heavily in our compensation decisions during FY24. In the Compensation Discussion and Analysis that follows, we discuss our fiscal year 2024 CEO and executive officer compensation in more detail, including additional commentary on how we approached executive pay as we navigated these transitions. You will see that we are strongly committed to both pay for performance and providing clear, transparent disclosure. We encourage you to review this analysis carefully and believe you will agree that our executive compensation program is achieving our objectives of supporting the company's growth strategy and creating long-term stockholder value.

Executive Summary

Leadership Changes and Related Compensation

Fiscal year 2024 was a year of transition for Agilent during which the Board implemented an orderly CEO transition supported by its thoughtful and ongoing succession planning activities over several years. These transitions factored prominently in the Committee's compensation decisions as outlined in more detail below.

Chief Executive Officer Transition

On February 20, 2024, Mr. McMullen announced that he planned to retire as Agilent's CEO effective May 1, 2024. At that time, we named Mr. McDonnell, formerly our Chief Commercial Officer and President, Agilent CrossLab Group, as our COO, and CEO-Elect. Mr. McDonnell formally succeeded Mr. McMullen as Agilent's CEO on May 1, 2024.

In consultation with its independent compensation consultant, the Board recognized Mr. McDonnell's promotions to COO and CEO with two incremental pay actions which were designed to provide him with market-competitive annual compensation in both roles:

- Upon promotion to COO on February 20, 2024, Mr. McDonnell's base salary was increased from $640,000 to $900,000, his target bonus was increased from 80% to 100%, and he was granted a $2,000,000 incremental long-term incentive (LTI) award (on the same terms as our annual LTI awards) to set his total LTI target for FY24 at $4,200,000.

- Upon promotion to CEO, on May 1, 2024, Mr. McDonnell's base salary was increased from $900,000 to $1,075,000, his target bonus was increased from 100% to 125%, and he was granted a $3,300,000 incremental LTI award (on the same terms as our annual LTI awards) to set his total LTI target for FY2024 at $7,500,000.

To support Mr. McDonnell and ensure a smooth leadership transition, in connection with Mr. McMullen's retirement, Mr. McMullen agreed to continue his employment at the Company as Special Advisor to the CEO from May 1, 2024 through October 31, 2024. In his role as Special Advisor to the CEO, Mr. McMullen continued to be actively engaged on several key business initiatives, including active evaluation of several acquisition targets, including the acquisition of BIOVECTRA announced in September, worked closely with the CEO on key governance matters and investor relations, and further supported the leadership transition by participating in numerous Global Team visits and Town Hall Sessions with Mr. McDonnell across the United States, Asia, and Europe. Upon his transition to Special Advisor to the CEO, the Committee reduced Mr. McMullen's annual base salary from $1,360,000 to $900,000 and his total target bonus for FY2024 was reduced from $1,904,000 to $1,260,000. His health and welfare benefits and perquisites continued unchanged from May 1, 2024 through October 31, 2024, and his outstanding equity awards were treated in accordance with the terms of the Company's retirement policy applicable to all employees. Please see page 51 for further details. Mr. McMullen received no severance payments related to his retirement.

Other NEO Transitions

In April 2024, Simon May was appointed as President of our Diagnostics and Genomics Group effective May 6, 2024. Mr. May received new hire awards totaling $3,750,000 intended to compensate him for awards he forfeited when joining Agilent and to induce him to accept our offer. $2,750,000 of these new hire awards were delivered in LTI (on the same terms as Agilent's standard annual LTI awards) and the remaining $1,000,000 was delivered in a cash sign-on bonus, with $500,000 paid at the time of hire and another $500,000 to be paid following his one-year anniversary. Both cash sign-on awards are subject to clawback provisions should Mr. May terminate within one-year of payment. See the remainder of the Compensation Discussion and Analysis for additional detail on his compensation arrangements.

On October 13, 2024, Mr. Grau announced his intent to retire as Agilent's Chief Human Resources Officer ("CHRO") at the end of the fiscal year. In connection with his retirement, Mr. Grau agreed to remain as a special advisor to support Agilent through the end of fiscal year 2025 as we identify his successor, to assist in the transition to our next CHRO and to advise on our HR systems and people programs as needed. Given his lengthy tenure with the Company, including Hewlett-Packard, the Company wanted to be able to continue access to Mr. Grau's skills and knowledge following his retirement. In connection with his special advisor role, Mr. Grau will continue to receive his annual salary and be eligible for his bonus, but will not receive any additional equity awards. Mr. Grau received no severance payments related to his retirement.

Key FY2024 Highlights

- **There were no material changes to our compensation program designs for fiscal year 2024**. The designs remained aligned with our business strategy, pay-for-performance alignment remained strong, and stockholders continued to indicate their ongoing support of our programs.
- **Pay continues to be heavily performance-based with 90% to 92% of target pay "at-risk".** For fiscal year 2024, approximately 92% of Mr. McDonnell's and 90% of our other NEOs' total direct compensation consisted of short-term and long-term incentives and was "at risk" — which means that this component can vary year to year depending on the performance of the company and our stock price performance.

- **Short-term incentive payouts ranged from 39% to 60%.** Achievement of annual financial targets came in below plan, resulting in an overall funding of 57% with final executive bonus payouts ranging from 39%-60% driven by executive Key Business Initiative funding of 0%-44%.
- **Long-term incentive plan payouts were aligned to 3-year business performance.** FY22-FY24 performance stock units based on relative TSR paid out at 56% based on Agilent's 3-year total shareholder returns being at the 35th percentile of S&P 500 healthcare and materials companies. FY22-FY24 performance stock units based on Adjusted EPS paid out at 87% based on an average of FY22, FY23 and FY24 annual performance of 170%, 48% and 42%
- **Total target compensation for Mr. McDonnell was set at $9.9M, below that of the former CEO.** Consistent with our treatment of other executive promotions, Mr. McDonnell's pay was positioned around the 25th percentile of our peers, with the intention of applying a multi-year progression with consideration to ongoing in-role performance, broader Company performance, the Company's go-forward strategic direction and stockholder alignment.
- **We made a number of retention grants to secure key executives at this critical time of transition.** The Board believed executive team stability and engagement was critical to support the leadership and business transitions. Further, near the end of fiscal year 2023, the company experienced the departure of two senior leaders during this transition period. As such, the Compensation Committee approved one-time retention grants to the following NEOs, in addition to their normal annual LTI awards. These retention grants vest 1/3 at the 12-, 18-, and 24-month anniversaries of their grant, and do not accelerate upon retirement. They will only continue vesting if the individual remains an employee or service provider to the company. These executives were all long tenured with meaningful unvested performance awards outstanding, including their annual LTI awards for FY24, so the Committee felt that time-based awards without the retirement vesting eligibility that is standard in our annual awards would be the most effective vehicle to secure these key leaders during this transition period and continue to motivate them to contribute to strong company performance.

- Mr. McMahon: $3,000,000
- Mr. Ancher-Jensen: $1,750,000
- Mr. Grau: $1,750,000

- **We continued our shareholder engagement outreach.** We received 89% stockholder support for our 2024 Say-on-Pay proposal and continued to engage with stockholders regarding our executive pay program throughout the year. We contacted our 50 largest stockholders to recap our executive compensation program for fiscal year 2024 and discuss our strategy for fiscal year 2025 which provided valued insight into the design of our executive compensation program.

Compensation Governance and Principles

Governance Practices

Our executive compensation program is overseen by the Compensation Committee of the Board of Directors with the advice and counsel of our independent external consultant as well as members of the management team. Following are key provisions of our pay practices that we believe best serve stockholders.

Philosophy / Practice		Result
We structure compensation to create strong alignment with stockholder interests	✓	Significant majority of pay is “at risk,” delivered via performance-based vehicles such as long-term performance shares and annual cash incentives.
	✓	Robust stock ownership guidelines.
	✓	Mandatory one-year post-vest holding period on annual performance awards under the long-term performance plan and executive RSU awards.
We design our programs to avoid excessive risk taking *	✓	Strong recoupment and anti-hedging and pledging policies in place.
	✓	Annual compensation risk assessment.
	✓	Balanced internal and external goals.
We follow best practices in executive compensation design	✓	Limited perquisites.
	✓	Double trigger on change in control benefit provisions and no tax gross-up agreements.
	X	No dividends / dividend-equivalents on unearned performance awards and unvested stock awards.
	X	No acceleration of vesting of equity awards, including LTPP performance shares, upon retirement (awards continue to vest).

* See Compensation Risk Controls in Additional Information.

Principles for Determining Executive Pay

Our executive pay decisions are grounded in a core philosophy that applies to all elements of compensation. Our compensation philosophy is intended to:

- Align executive interests with stockholders;
- Motivate and reward for superior EPS growth;
- Support our short- and long-term business strategy;
- Deliver competitive total direct compensation targeted, in aggregate, around the 50th percentile of our peers to attract,

retain and motivate the best employees; and

- Provide pay for performance.

The following principal elements of compensation are provided under our executive compensation program:

Elements of Pay		
Base Pay	✓	Baseline for competitive total compensation.
	✓	Normally 20% or less of total direct compensation for NEOs.
Short-Term Incentives	✓	Focuses executives on critical operating and strategic goals best measured annually.
	✓	Provides downside risk for underperformance and upside reward for success.
	✓	Leverages financial measures such as revenue and operating margin, supplemented with select strategic initiatives.
Long-Term Incentives	✓	Significant majority of NEO target compensation is performance-based and “at risk”.
	✓	Motivates and rewards multi-year stockholder value creation.
	✓	Facilitates executive stock ownership.
	✓	Enables retention.
	✓	Delivered through performance shares, stock options and RSUs, with a mandatory one-year post-vest holding period for performance shares and RSUs to encourage long-term orientation.
	✓	Performance measures include long-term financial objectives and the relative performance of our stock.

Our actual total compensation for each NEO varies based on (i) company performance measured against external metrics that correlate to long-term stockholder value, (ii) performance of the business organizations against specific targets, and (iii) individual performance. These three factors are considered in positioning salaries, determining earned short-term incentives and determining long-term incentive grant values

Independent Compensation Committee and Consultant

The Compensation Committee is composed solely of independent members of the Board and operates under a Board-approved charter which outlines the Committee’s major duties and responsibilities. This charter is available on our Investor Relations website.

Semler Brossy, our independent compensation consultant, does not perform any other work for us, does not trade our stock, has independence policies that are reviewed annually and has agreed to proactively notify the Compensation Committee chair of any potential or perceived conflicts of interest. The Compensation Committee found no conflict of interest during fiscal year 2024.

For fiscal year 2024, our independent compensation consultant advised the Compensation Committee on several compensation matters, including but not limited to:

- CEO transition, including compensation proposals for both the incoming and retiring CEOs;
- Senior leadership transition, including compensation proposals for incoming senior leaders, retention and retirement of same;
- Criteria used to identify peer companies for executive compensation and performance metrics;
- Evaluation of our total direct compensation levels and mix for the NEOs and four other senior officers;
- Mix of long-term incentives, grant types and allocation of equity awards;
- Review of the short- and long-term incentive programs for fiscal year 2024;
- Review of market trends and governance practices;

- Risk assessment of incentive pay practices;
- Board of Directors pay;
- Review of various other proposals presented to the Compensation Committee by management; and
- Support for stockholder outreach campaign.

Role of Management

The CEO and the Chief Human Resources Officer consider the responsibilities, performance and capabilities of each of our named executive officers, other than the CEO, and the compensation package they believe will attract, retain and motivate these senior leaders. The Chief Human Resources Officer does not provide input on setting his own compensation. A comprehensive analysis is conducted using a combination of the market data based on our compensation peer group and proxy data, performance against targets, and overall performance assessment. This data is used to determine if an increase recommendation in compensation is warranted and the amount and type of any increase for each of the total compensation components for the then-current fiscal year. After consulting with the Chief Human Resources Officer, the CEO makes compensation recommendations, other than for his own compensation, to the Compensation Committee, generally, at its first meeting of the fiscal year. Members of our legal department, including our Chief Legal Officer and Assistant General Counsel, regularly provide legal support to the Committee, but do not participate in meetings where their own compensation is being discussed.

Process for Determining Compensation

To determine total target compensation for fiscal year 2024, the Compensation Committee considered:

- The performance of each individual executive for the last fiscal year;
- The most recent peer group data from our independent compensation consultant;
- Our short-and long-term business and strategic goals; and
- Detailed tally sheets for the CEO and each NEO.

Our independent compensation consultant presents and analyzes market data for each individual position and provides insight on market practices for the Compensation Committee's actions. Our consultant also collaborates with the Committee Chair to develop CEO pay recommendations. The Compensation Committee then determines the form and amount of compensation for all executive officers after considering the market data, company, business unit and individual performance, and the CEO's compensation recommendations for his staff.

Peer Group for Executive Compensation

Each year, the Compensation Committee meets with our independent compensation consultant to review and approve the peer group companies that satisfy our selection criteria. For fiscal year 2024, our executive compensation peer group consisted of the 30 companies listed below, including 27 companies from the S&P 500 Health Care Index (excluding the Health Care Distributors, Health Care Facilities and Managed Health Care subsectors) with revenues between 0.5x and 2.5x times our trailing twelve-month actual revenue, supplemented with three of our most direct competitors (Thermo Fisher, Danaher and Waters). The range of annual revenues for peer group members was determined so that Agilent's annual revenue would fall around the median of the peer group. Based on the stated criteria, Viatris and Lab Corp of America were added to the peer group entering FY24 and Cerner, who was acquired by Oracle in June 2022, was removed. We believe our approach determines a set of peers that is limited to our most direct competitors for talent, but large enough to provide year-over-year stability. We used data from this peer group to inform each NEO's compensation for fiscal year 2024, with aggregate compensation targeted at around the peer group median.

Align Technology	Edwards Lifesciences	Organon	Waters
Baxter Intl	Hologic	PerkinElmer	Zimmer
Biogen	IDEXX Labs	Quest Diagnostics	Zoetis
Boston Scientific	Illumina	Regeneron Pharma	
Catalent	Incyte	ResMed	
Charles River Labs	Intuitive Surgical	Steris	
Danaher	IQVIA	Thermo Fisher	
DaVita Healthcare	Lab Corp of America	Vertex Pharma	
Dentsply Sirona	Mettler-Toledo	Viatris	

For compensation decisions for FY25, we maintained the same peer group selection criteria, which resulted in the inclusion of five new peers (Cooper, DexCom, Moderna, Revvity, and Solventum) and the removal of three peers (Dentsply Sirona, Organon, and PerkinElmer).

Peer Group for the Long-Term Performance Program

The Compensation Committee believes that an expanded peer group is more appropriate for determining relative TSR under the company's LTPP, as an expanded peer group better represents a range of alternative investment options for stockholders and reduces the volatility inherent in small comparator groups. Therefore, the Compensation Committee continued to use the approximately 94 companies in the Health Care and Materials Indexes of the S&P 500 for determining TSR under the LTPP. Only companies that are included in one of these indexes at the beginning of the performance period and which have three years of stock price performance at the end of the performance period are included in the final calculation of results. Any change in the expanded peer group is solely due to Standard & Poor's criteria for inclusion in the indexes.

CEO Compensation

The Compensation Committee establishes the CEO's compensation based on a thorough review of the CEO's performance that includes:

- An objective assessment against predetermined metrics set by the Compensation Committee;
- Tally sheets;
- Market data from our independent compensation consultant;
- A self-evaluation by the CEO that the Compensation Committee discusses with the other independent directors; and
- A qualitative evaluation of the CEO's performance that is developed by the independent directors, including each member of the Compensation Committee, in executive session.

The Compensation Committee reviews the CEO's total direct compensation package annually and presents its recommendation to the other independent directors for review and comment before making the final determinations on compensation for the CEO.

Fiscal year 2024 Compensation

Base Salary

Our salaries reflect the responsibilities of each NEO and the competitive market for comparable professionals in our industry and are set to create an incentive for executives to remain with us. Base salaries and benefits packages are the fixed components of our NEOs' compensation and do not vary with company performance. Each NEO's base salary is set by considering market data as well as the experience and performance of each NEO. For fiscal year 2024, our NEOs' base salaries ranged between the 25th and 75th percentile of our compensation peer group for each position. Mr. McDonnell received a salary increase effective March 1, 2024 to $900,000 based on his promotion to COO, and another increase effective June 1, 2024 to $1,075,000 following his appointment to

CEO. Messrs. McMahon, Ancher-Jensen and Grau received salary increases between 1-4%, generally consistent with typical increases provided to the broader Agilent employee population. Mr. May was hired by Agilent in May 2024. Mr. McMullen received a 3% increase at the beginning of the fiscal year to $1,360,000 in line with a normal-course adjustment to align with market competitive levels as Agilent's CEO. Following Mr. McMullen's retirement as CEO and transition to special advisor, the Committee reduced Mr. McMullen's salary to $900,000 in light of his modified responsibilities through October 31, 2024. As of October 31, 2024, Mr. McMullen retired from Agilent.

Name	FY23 Salary (10/31/2023)	FY24 Salary (10/31/2024)	Increase
Padraig McDonnell	$610,000	$1,075,000	76%
Robert McMahon	$730,000	$760,000	4%
Simon May	-	$600,000	-
Henrik Ancher-Jensen	$675,000	$685,000	1%
Dominique Grau	$570,000	$590,000	4%
Michael R. McMullen	$1,320,000	$900,000	(32)%

Short-Term Cash Incentives

The Performance-Based Compensation Plan reflects our pay-for-performance philosophy and directly ties short-term incentives to short-term business performance. These awards are linked to specific annual financial goals and key business initiatives for the overall company and the three business groups (LSAG, ACG and DGG). The financial goals are established at the beginning of each year based on our financial plan established by the Board of Directors and are not changed after they are approved by the Compensation Committee. The Compensation Committee certifies the calculations of performance against the goals for each period and payouts, if any, are made in cash.

For fiscal year 2024, the awards under the Performance-Based Compensation Plan were determined by multiplying the individual's base salary for the performance period by the individual's target award percentage and the performance results, as follows:

Financial Goals	Annual Salary	X	Individual Target Bonus % (varies by individual)	X	Financial Portion of Target Bonus (75% to 100%)	X	Attainment % (based on actual performance)
Key Business Initiatives	Annual Salary	X	Individual Target Bonus % (varies by individual)	X	Strategic Portion of Target Bonus (0% to 25%)	X	Attainment % (based on actual performance)

Payout Matrices to Measure Financial Metrics

We use payout matrices to determine payout percentages for our fiscal year 2024 short-term incentive program. The payout matrices are designed to reward profitable growth by increasing payout percentages commensurate with increased adjusted operating margin and / or revenue achievement as illustrated in the table below.

		FY24 - Revenue Achievement (% of target)				
		<=93%	**97.0%**	**100.0%**	**103.0%**	**105.0%**
FY24 - OM Achievement (% of target)	**107%**	95%	126%	150%	180%	200%
	104%	81%	108%	129%	159%	179%
	100%	63%	84%	100%	130%	150%
	94%	45%	67%	83%	108%	125%
	87%	25%	46%	63%	82%	95%
	86%	0%	0%	0%	0%	0%

Note: This specific payout matrix was used to determine the company level payout percentage. The payout percentage is determined by finding the intersection between goal attainments as a percentage of plan for each financial metric. Payout percentages are assigned to each intersection of revenue and adjusted operating margin percentage throughout the payout matrix. Payouts between the numbers represented in the table above are calculated on a linear payout matrix and the threshold amount for adjusted operating margin percentage must be met in order for a payout to be made. Payout matrices vary by business group. No payouts are awarded for Adjusted Operating Margin achievement below the 87% threshold.

Financial Goals and Fiscal year 2024 Operational Results

The Performance-Based Compensation Plan financial goals were based on (1) our adjusted operating margin percentage and our revenue and (2) the adjusted operating margin percentage and revenue goals for each of the business units. The Compensation Committee chose those metrics because:

- operating margin keeps focus on expense discipline and meeting efficiency measures;
- revenue places focus on delivering strong top-line growth results; and
- together, these metrics drive leveraged earnings growth that translates to higher EPS.

The financial targets that must be met to receive the target payout are based on our financial plan. We use a non-GAAP adjusted operating margin that excludes the ongoing impact of certain mergers and acquisitions, currency, hedging and interest costs related to mergers and acquisitions. To determine earned awards, we use payout matrices that link the metrics and reflect threshold-to-maximum opportunities based on various achievement levels of the metrics. No awards are paid unless the operating margin percentage threshold is achieved and the maximum award under the plan is capped at 200% of the target award. The target metrics set for our short-term incentives and their corresponding results were as follows:

	Operating Margin %					Revenue $				
	Threshold	Target	Max	Results	Goal Attainment	Target (Mil)	Max (Mil)	Results (Mil)	Goal Attainment	Payout Percentage (Per Matrix)
Agilent	24.0%	27.6%	29.5%	26.5%	96.0%	$6,857	$7,199	$6,432	94%	56.6%
LSAG	25.4%	29.2%	31.2%	27.4%	94.0%	$3,401	$3,571	$3,181	94%	50.8%
ACG	26.6%	30.6%	32.7%	31.9%	104.0%	$1,648	$1,730	$1,625	99%	121.8%
DGG	19.6%	22.5%	24.1%	19.3%	86.0%	$1,808	$1,898	$1,636	90%	0.0%

Note: The adjusted non-GAAP operating margin and adjusted non-GAAP revenue measures used in our executive compensation programs may differ from GAAP and non-GAAP operating margin and GAAP and non-GAAP revenue as reported in our quarterly earnings releases as they exclude the impact of mergers and acquisitions, currency and hedging. See Appendix A to this proxy statement for a reconciliation to the most directly comparable GAAP financial measures.

Key Business Initiatives – Targets and Results

For fiscal year 2024, under the Performance-Based Compensation Plan, we continued to utilize annual key business initiatives to align NEOs' objectives with strategic company priorities. These key business initiatives are established at the same time as the financial goals and account for 25% of the total target bonus for each NEO who was assigned to key business initiatives. The maximum payout per NEO for satisfaction of the strategic component is the lesser of (i) up to 200% of key business initiative performance results or (ii) 0.75% of non-GAAP pre-tax earnings for the company, and the Compensation Committee may exercise negative discretion in determining the final payout.

The key business initiatives for FY24 were selected to focus NEOs on strategic priorities such as productivity and operating expense improvements that support leveraged earnings growth and efficient use of capital in a high-interest rate environment. The following table sets forth (i) each key business initiative and its threshold, target and maximum achievement levels, (ii) the NEOs assigned to each key business initiative, and (iii) the final attainment and payout percentage for each objective. If an NEO is assigned to more than one objective, the weighting is equally distributed. For fiscal year 2024, our former CEO, Mr. McMullen, was not assigned to any key business initiatives. The targets were established with the rigor necessary to drive desired results for each initiative. For competitive purposes, specific threshold, target and maximum amounts are not shown in the descriptions that follow.

Officer Assigned	FY24 Key Business Initiative Description	Threshold (25%)	Target (100%)	Maximum (200%)	Payout Percentage
Messrs. McDonnell, McMahon, May and Ancher-Jensen	Agilent Free Cash Flow	85% of plan	Achieve Plan	115% of plan	87.3%
Messrs. McDonnell, McMahon, May, Ancher-Jensen and Grau	Agilent Productivity Improvement	102% of plan	Achieve Plan	98% of plan	0.0%

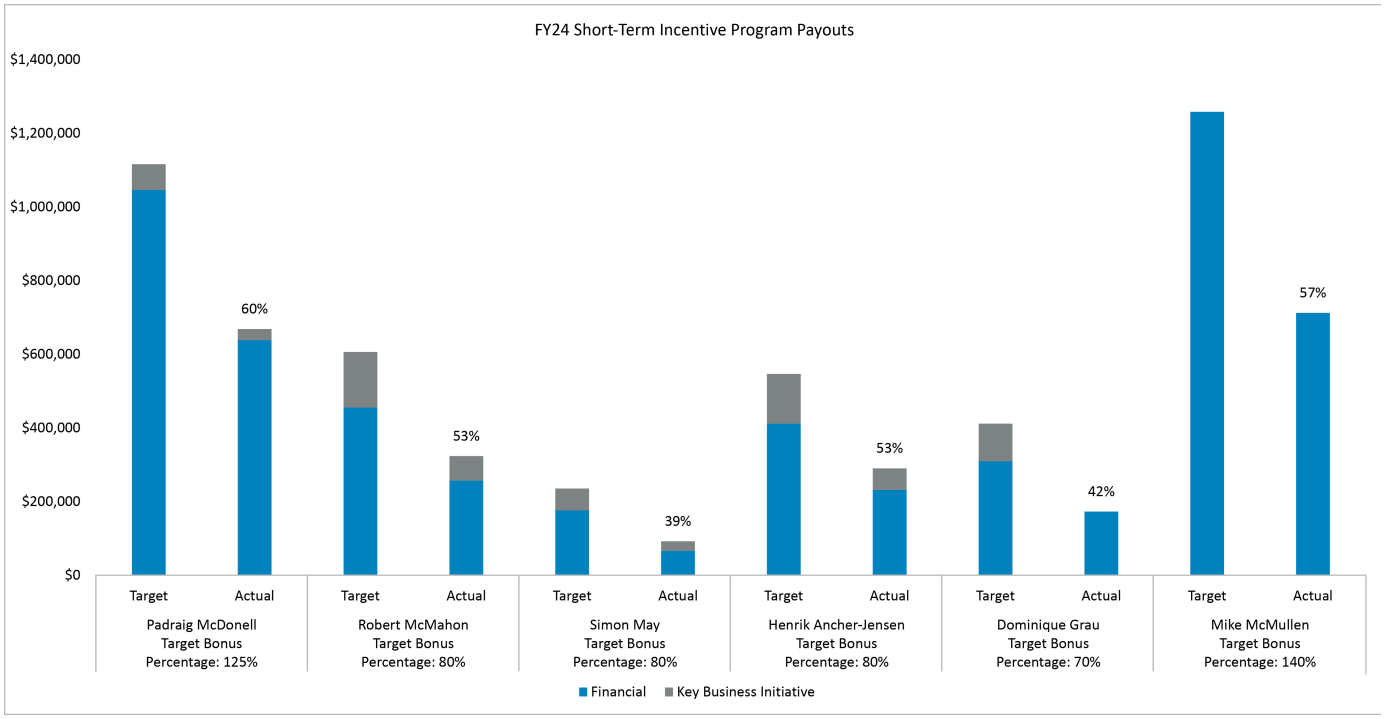

Note: If an NEO is assigned to more than one key business initiative within a category, those initiatives are equally weighted. For foreign exchange conversion purposes, all Orders/Revenue assume the November accounting rate.

Actual payout tables for key business initiatives use a straight-line payout slope (and/or key milestones) from threshold to target and from target to maximum. Final payouts for each key business initiative are recommended by the CEO and approved by the Compensation Committee.

Target Award Percentages and FY24 Actual Payouts

Our Compensation Committee set the fiscal year 2024 short-term incentive target amounts based on a percent of base salary pre-established for each NEO considering the relative responsibility of each NEO. For fiscal year 2024, short-term incentive target bonuses were set at 125% of base salary for Mr. McDonnell as the CEO, 80% of base salary for Messrs. McMahon, May and Ancher-Jensen, and 70% for Mr. Grau. Mr. McMullen's short-term incentive target was 140%, consistent with previous years. Upon his transition to advisor, his total target for the full year (including the portion of the year he served as CEO) was reduced from $1,904,000 to $1,260,000 (see chart below). Mr. McDonnell was assigned to group level financial and key business initiative metrics for the portion of fiscal year 2024 when he served as Chief Commercial Officer and President of our Agilent CrossLab Group. Upon his appointment to Chief Operating Officer, he was moved to Agilent financial metrics only and his short-term incentive payout for FY2024 was prorated based on the amount of time assigned to each set of performance metrics.

The payouts under the Performance-Based Compensation Plan for fiscal year 2024 are provided in the chart below and in the "Non-Equity Incentive Plan Compensation" column in the "Summary Compensation Table". The chart below shows the targets and calculated payout based on results.

Long-Term Incentives

LTI Granted in fiscal year 2024

The Compensation Committee places emphasis on company performance by delivering 60% of the annual NEO grants in performance awards and another 20% in stock options. The remaining 20% is provided in restricted stock units. Stock grant values were delivered as follows:

Equity Vehicle	Weighting	Metric	Vesting	Holding Period	Payout Range
Performance Stock Units	30%	Relative Total Shareholder Return	100% after 3rd year	One-year post-vest holding period	0X to 2X share target
Performance Stock Units	30%	Annual Adjusted Earnings Per Share	100% after 3rd year		
Stock Options	20%	None	25% each year over 4 years	N/A	N/A
Restricted Stock Units	20%	None	25% each year over 4 years	One-year post-vest holding period	N/A

Note: The target award amount is determined by dividing the target award amount by the product of the 20-day average stock price, for the period preceding the grant date, multiplied by the applicable accounting valuation.

The target value of the long-term incentive awards is determined at the beginning of the then-current fiscal year for each NEO. The target value for grants made in fiscal year 2024 reflects the Compensation Committee's judgment on the relative role of each NEO's position within the company, as well as the performance of each NEO and benchmark data from our compensation peer group.

	Type of Award / Value / # of Shares								
	Performance Stock Units - TSR		Performance Stock Units - EPS		Stock Option Units		Restricted Stock Units		Total Target Value of Long Term-Incentive Awards

Note: The table above includes one-time Restricted Stock Unit retention grants for Messrs. McMahon, Ancher-Jensen and Grau in the amounts of $3,000,000, $1,750,000 and $1,750,000, respectively, designed to secure critical members of the management team following heightened competitive talent pressure among our senior leadership. These retention grants vest over a 2-year period (at 1/3 each at 12-, 18- and 24- months respectively) and are not subject to the retirement treatment applicable to all employees as defined on page 51.

Performance Conditions for Performance Stock Units Granted in Fiscal years 2023 and 2024

The Compensation Committee has established rolling three-year performance periods for determining earned performance stock units. The financial goals for the performance stock units for fiscal years 2023 and 2024 are based on relative TSR and adjusted earnings per share. Relative TSR aligns with stockholder interests as higher TSR results in higher potential returns for stockholders as well as ensures a correlation between performance and payouts. Adjusted earnings per share ensures our executives are focused on long-term superior earnings growth. As noted above, our fiscal year 2024 short-term incentive program focuses on adjusted operating margin and revenue, which drive internal business strategies that in turn impact our TSR.

Relative TSR Performance Stock Units – FY23 to FY25 Performance Period and FY24 to FY26 Performance Period

Fifty percent of the performance stock units granted in fiscal year 2023 for the FY23 to FY25 performance period and fifty percent of the performance stock units granted in fiscal year 2024 for the FY24 to FY26 performance period had financial goals based on relative TSR versus all companies in our LTPP peer group, the S&P 500 Health Care and Materials Indexes for fiscal year 2023 through fiscal year 2025 and fiscal year 2024 through fiscal year 2026. The LTPP peer group companies are established at the beginning of the performance period and need to have three full years of stock price data to be used in the final relative TSR calculation. We believe that a 100% payout at median TSR performance is appropriate as we feel it represents the right balance of risk versus reward for a long-term TSR plan. We want our plan to reward actions that improve stockholder returns over the long-term rather than motivate actions designed to bolster short-term stock price returns that may not be in the stockholders' long-term interests. The company does not establish an absolute TSR target as we believe performance is best measured on a relative basis against our selected LTPP peer group. Relative TSR performance stock units are completely “at risk” compensation because our performance must be at or above the 25th percentile for the individuals to receive any payout. The final and only payouts will be at the end of fiscal years 2025 and 2026 respectively, based on the relative TSR for the three-year performance period.

The payout schedule determined by the Compensation Committee in fiscal year 2023 and fiscal year 2024 was as follows:

Relative TSR Performance	Payout as a Percentage of Target
Below 25th Percentile Rank (threshold)	0%
25th Percentile Rank	25%
50th Percentile Rank (target)	100%
75th Percentile Rank and Above	200%

For purposes of determining the relative TSR awards, relative TSR reflects (i) the aggregate change in the 20-day average closing price of our stock versus each of the companies in our LTPP peer group, each as measured at the beginning and end of the three-year performance period plus (ii) the value (if any) returned to stockholders in the form of dividends or similar distributions, assumed to be reinvested on distribution date on a pre-tax basis.

Earnings Per Share Performance Stock Units – FY23 to FY25 Performance Period and FY24 to FY26 Performance Period

Fifty percent of the performance stock units granted in fiscal year 2023 for the FY23 to FY25 performance period and granted in fiscal year 2024 for the FY24 to FY26 performance period had financial goals based on adjusted earnings per share. Awards will be determined by calculating the adjusted earnings per share attained at the end of each of the three fiscal years in the performance period compared to the targets (which are set at the beginning of each fiscal year during the three-year performance period). The FY23 and FY24 EPS targets were set at the mid-point and high-end of external guidance respectively, and issued at the beginning of each fiscal year. We use non-GAAP adjusted diluted earnings per share and all targets are subject to Compensation Committee approval. The final and only payouts will be at the end of fiscal year 2025 and 2026 respectively and will be based on an average of the payout percentage for each fiscal year. The threshold, target and maximum levels as well as FY23 and FY24 results are set forth in the tables below:

	Long-Term Performance Shares - EPS				
Fiscal Year	Threshold (25%)	Target (100%)	Maximum (200%)	Actual Adjusted EPS	Attainment Percentage
FY23	$5.22	$5.65	$6.08	$5.35	48%
FY24	$5.16	$5.55	$5.94	$5.25	42%
FY25	TBD	TBD	TBD	TBD	TBD
Payout					TBD

	Long-Term Performance Shares - EPS				
Fiscal Year	Threshold (25%)	Target (100%)	Maximum (200%)	Actual Adjusted EPS	Attainment Percentage
FY24	$5.16	$5.55	$5.94	$5.25	42%
FY25	TBD	TBD	TBD	TBD	TBD
FY26	TBD	TBD	TBD	TBD	TBD
Payout					TBD

Note: The adjusted non-GAAP EPS measure used in our executive compensation programs for FY23, FY24 and FY25 may differ from non-GAAP EPS as reported in our quarterly earnings releases as it excludes the impact of mergers and acquisitions, currency, hedging and interest costs related to mergers and acquisitions, material share repurchase deviations from plan and associated debt expense, and material differences in our corporate tax rate due to the impact of significant, unplanned tax legislation during the fiscal year. See Appendix A to this proxy statement for a reconciliation to the most directly comparable GAAP financial measure.

Performance Stock Units Earned in fiscal year 2024 – Relative TSR

Fifty percent of the performance stock units granted in fiscal year 2022 for the FY22 to FY24 performance period were measured based on relative TSR versus all companies in the S&P 500 Health Care and Materials Indexes for fiscal years 2022 through 2024 with the payout percentages as follows:

	Peer Group TSR	Payout Percentage
75th Percentile	41.0%	200%
Median	2.5%	100%
25th Percentile	-24.9%	25%
Agilent	-9.1%	56%

In November 2024, the Compensation Committee certified the relative TSR results for the FY22 to FY24 performance period. Agilent's stock price performance was at the 35th percentile of our peer group and resulted in a 56% payout percentage. See table below:

	Target Awards (Shares)	Original Target Award Value ($)	Resulting Share Payout %	Resulting Share Payout
Padraig McDonnell	2,633	518,000	56%	1,474
Robert McMahon	4,578	900,000	56%	2,564
Simon May	-	-	-	-
Henrik Ancher-Jensen	4,602	855,000	56%	2,577
Dominique Grau	2,594	510,000	56%	1,453
Michael R. McMullen	18,313	3,600,000	56%	10,255

Note: The final share amount was determined by multiplying the target award shares by the resulting payout percentage.

Our relative TSR performance (or percentile position) compared to that of our LTPP peer group and the payout percentages for the LTPP for the past five performance periods are set forth below:

Note: A 200% payout is achieved when our relative TSR is at or above the 75th percentile of our LTPP-TSR peer group.

Performance Stock Units Earned in Fiscal year 2024 – Adjusted Earnings Per Share

Fifty percent of the performance stock units granted in fiscal year 2022 for the FY22 to FY24 performance period had financial goals based on adjusted earnings per share. The 87% payout percentage earned under these performance stock units was determined by calculating the adjusted earnings per share attained at the end of each of the three fiscal years in the performance period compared to the targets (which were set at the midpoint or high-end of external guidance that is determined and publicly announced at the beginning of each fiscal year during the three-year performance period). We set our adjusted EPS goals on an annual basis to maximize the alignment of the program with our aggressive long-term growth plans. We believe setting adjusted EPS targets at the time of grant for the full three-year period risks establishing goals that could be insufficiently or overly aggressive in years two and/or three of the performance-period given the shorter cyclical nature of our business and risks misalignment with the annual EPS guidance we provide to stockholders at the beginning of each fiscal year. Annual goal setting for EPS goals is a common practice among our peer companies, and we find it has had the intended motivational effect for our executive team through a particularly volatile period in the market as it has oriented them around aggressive, context-sensitive EPS growth targets each year. We use non-GAAP adjusted diluted earnings per share, subject to Compensation Committee approval. Once set, the target is not subject to change during the fiscal year. The payout percentage for the FY22 to FY24 award, which was certified by the Compensation Committee at the November 2024 meeting, was a simple average of the payout percentage certified for fiscal year 2022, fiscal year 2023 and fiscal year 2024. The threshold, target, maximum and final attainment numbers are set forth in the table below:

	Long-Term Performance Shares - EPS				
Fiscal Year	Threshold (25%)	Target (100%)	Maximum (200%)	Actual Adjusted EPS	Attainment Percentage
FY22	$4.34	$4.81	$5.28	$5.14	170%
FY23	$5.22	$5.65	$6.08	$5.35	48%
FY24	$5.16	$5.55	$5.94	$5.25	42%
Payout					87%

Note: The adjusted non-GAAP EPS measure used in our executive compensation programs for FY22, FY23 and FY24 may differ from GAAP and non-GAAP EPS as reported in our quarterly earnings releases as it excludes the impact of mergers and acquisitions, currency, hedging and interest costs related to mergers and acquisitions, material share repurchase deviations from plan and associated debt expense, and material differences in our corporate tax rate due to the impact of significant, unplanned tax legislation during the fiscal year. See Appendix A to this proxy statement for a reconciliation to the most directly comparable GAAP

financial measure.

In November 2024, the Compensation Committee approved the LTPP-EPS results for the FY22 to FY24 performance period. Agilent's adjusted earnings per share performance resulted in an 87% payout percentage as calculated above, resulting in the share payouts shown in the table below:

	Target Awards (Shares)	Original Target Award Value ($)	Resulting Share payout %	Resulting Share payout
Padraig McDonnell	3,484	518,000	87%	3,031
Robert McMahon	6,059	900,000	87%	5,271
Simon May	-	-	-	-
Henrik Ancher-Jensen	6,181	855,000	87%	5,377
Dominique Grau	3,433	510,000	87%	2,987
Michael R. McMullen	24,234	3,600,000	87%	21,084

Note: The final share amount was determined by multiplying the target award shares by the resulting payout percentage.

Additional Information

Equity Grant Practices

The Compensation Committee generally makes grants of stock awards to our NEOs at the first Compensation Committee meeting of our fiscal year. Awards are neither timed to relate to the price of our stock nor to correspond with the release of material non-public information, although grants are generally made when our trading window is open. Grants to current employees are effective on or after the date of the Compensation Committee meeting approving such grants. Grants to new employees, including potential NEOs, are typically made at the next regularly scheduled Compensation Committee meeting following the employee's start date.

The standard vesting schedule for our equity grants is 100% after the third year for performance stock units and 25% per year over four years for restricted stock units and stock options. Starting in fiscal year 2016, performance stock awards and restricted stock units granted to executive level employees and above are also subject to a one-year post-vest holding period.

Compensation Risk Controls

Semler Brossy, our independent compensation consultant, collaborates with management to conduct an annual review of our compensation-related risks. The risk assessment conducted during fiscal year 2024 did not identify any significant compensation-related risks and concluded that our compensation program is well designed to encourage behaviors aligned with the long-term interests of stockholders. Semler Brossy also found an appropriate balance in fixed versus variable pay, cash and equity, corporate, business unit, and individual goals, financial and non-financial performance measures, and formulas and discretion. Finally, it was determined that there are appropriate policies and controls in place to mitigate compensation-related risk.

Recoupment Policy

We maintain an Executive Compensation Recoupment Policy that applies to all our executives and former executives who leave the company after September 16, 2020. Under this Policy, in the event of a material restatement of financial results (wherein results were incorrect at the time published due to mistake, fraud or other misconduct), the Compensation Committee will review all short and long-term incentive compensation awards that were paid or awarded to executives for performance periods beginning after July 14, 2009 (in the case of executive officers covered by Section 16 of the Securities Exchange Act) or September 16, 2020 (in the case of other executives) that occurred, in whole or in part, during the restatement period.

Additionally, under this Policy, in the case of fraud or misconduct by an executive, including breach of any regulatory standards that have resulted in significant negative impact on our results or operations or market capitalization, the Compensation Committee will consider actions to remedy the misconduct, prevent its recurrence, and impose discipline on the wrongdoers, in each case, as the Compensation Committee deems appropriate. These actions may include, without limitation:

- requiring reimbursement of compensation;
- the cancellation of outstanding restricted stock, restricted stock units, performance stock units, deferred stock awards, stock options, and other equity incentive awards;
- limiting future awards or compensation; and
- requiring the disgorgement of profits realized from the sale of our stock to the extent such profit resulted from fraud or misconduct.

Effective October 2, 2023, the Committee adopted an additional Clawback Policy covering Section 16 Officers only. This policy meets all the provisions of the Dodd-Frank clawback requirements. We have also maintained Agilent's existing policy, which remains applicable in scenarios not covered by the updated Dodd-Frank compliant Clawback Policy (e.g., certain instances of misconduct). When Agilent's policy is more onerous than the Dodd-Frank requirements, Agilent's policy is applied.

Insider Trading and Hedging Policy

Our insider trading policy, which applies to officers, directors and employees considered insiders, is reasonably designed to promote compliance with insider trading laws, rules and regulations, and any applicable NYSE listing standards, and expressly prohibits them from purchasing or selling our securities while in possession of material, non-public information, or otherwise using such information for their personal benefit.

Our insider trading policy further prohibits officers, directors and employees considered insiders from engaging in hedging transactions, such as purchasing or writing derivative securities including puts and calls and entering into short sales or short positions with respect to our stock. Directors and executive officers are prohibited from buying our stock on margin or pledging owned Agilent stock as collateral for loans or other indebtedness. Employees, who are not insiders or officers, are generally permitted to engage in transactions designed to hedge or offset market risk.

Our executives and directors are permitted to enter into trading plans that are intended to comply with the requirements of Rule 10b5-1 of the Securities Exchange Act so that they can prudently diversify their asset portfolios and exercise their stock options before expiration.

Stock Ownership Guidelines

Our stock ownership guidelines are designed to encourage our NEOs and other executive officers to achieve and maintain a significant equity stake in our company and more closely align their interests with those of our stockholders. The guidelines provide that the CEO and CFO and other executive officers should accumulate and hold, within five years from election to his or her position, an investment level in our stock equal to the lesser of a multiple of his or her annual base salary or accumulate a direct ownership of our stock as set forth below:

Executive	Investment Level = Multiple of Annual Base Salary	Direct Ownership of Agilent Stock (# of Shares)
CEO	6X	N/A
CFO	3X	80,000
All other executive officers	3X	40,000

Shares directly owned by each executive officer and their household family members, deferred shares and vested restricted stock units are considered in complying with these guidelines. An annual review is conducted to assess compliance with the guidelines, and at the end of fiscal year 2024, all of our NEOs had either met or were on track to reach their stock ownership guideline requirements within the applicable timeframe.

Benefits

Our global benefits philosophy is to provide NEOs with protection and security through health and welfare, retirement, disability insurance and life insurance programs. During fiscal year 2024, the CEO and other NEOs were eligible to receive the same benefits that are generally available to our other employees. Generally, it is our Compensation Committee's philosophy to not provide perquisites to our NEOs except in limited circumstances as described below.

Our executive officers can use company drivers, who are through our outsourced security provider, to transport themselves and their family members to the airport for personal travel. In addition, in fiscal year 2024, we provided certain relocation expenses for Mr. McMahon for his relocation from Massachusetts to the San Francisco Bay Area through the Company's Indefinite Relocation Program, applicable to all employees to facilitate their relocations. Our relocation program is designed to facilitate employee relocations that support our business priorities. It does not provide any payments for loss on the sale of a home or special tax gross-ups. These perquisites are included in the "All other Compensation" column in the "Summary Compensation Table."

Deferred Compensation

NEOs on the U.S. payroll are eligible to voluntarily defer base salary, short-term incentives in the form of cash awards under the Performance-Based Compensation Plan and long-term incentives in the form of stock awards under the LTPP. The deferrals are made through our 2005 Deferred Compensation Plan, which is available to all active employees on the US payroll whose total target compensation is greater than or equal to $345,000. This is a common benefit arrangement offered by our peer companies, and our plan does not guarantee above market or a specific rate of return on deferrals.

These benefits and an additional description of plan features are set forth in the section entitled "Non-Qualified Deferred Compensation" below and the narrative descriptions accompanying this section.

Retirement and Pension Benefits

Our executive officers are entitled to participate in the same defined contribution retirement plan that is generally available to all of our eligible employees. We make matching contributions to eligible participants' retirement plan accounts based on a percentage of their eligible compensation under applicable tax rules. We believe that this retirement program permits our executives to save for their retirement in a tax-effective manner. For additional information regarding certain of our other retirement programs, please see the section entitled "Pension Benefits".

Policy Regarding Compensation in Excess of $1 Million per Year

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of $1 million paid to our "covered employees," which include our current NEOs.

As a general matter, while our Compensation Committee considers tax deductibility as one of several relevant factors in determining executive compensation, it retains the flexibility to design and maintain executive compensation arrangements that it believes will attract and retain executive talent, even if such compensation is not deductible by the company for federal income tax purposes.

Termination and Change of Control

Consistent with the practice of many of our peers, the Compensation Committee adopted change-of-control agreements designed to provide protection to the NEOs so they are not distracted by their personal, professional and financial situations at a time when we need them to remain focused on their responsibilities, our best interests and those of all our stockholders. These agreements provide for a "double-trigger" payout only in the event of a change of control and the executive officer is either terminated from his-or-her

position without cause or moved into a position that represents a substantial change in responsibilities within a limited period of time after the transaction (these agreements do not become operative unless both events occur).

None of our current change-of-control agreements contain an excise tax gross-up clause. Potential payments to our NEOs in the event of a change of control under our existing agreements are reported in the "Termination and Change of Control Table".

In addition, we have a Workforce Management Program in place that is applicable to all employees, including NEOs. Employment security is tied to competitive realities as well as individual results and performance, but from time to time, business circumstances could dictate the need for us to reduce our workforce. The Workforce Management Program is intended to assist employees affected by restructuring by providing transition income in the form of severance benefits. None of our NEOs have received any compensation or payment under this program.

COMPENSATION COMMITTEE REPORT

The information contained in this report shall not be deemed to be "soliciting material," to be "filed" with the SEC, or to be subject to Regulation 14A or Regulation 14C (other than as provided in Item 407 of Regulation S-K) or to the liabilities of Section 18 of the Exchange Act, and shall not be deemed to be incorporated by reference in future filings with the SEC except to the extent that the company specifically incorporates it by reference into a document filed under the Securities Act of 1933 (the "Securities Act") or the Exchange Act.

The company's executive compensation program is administered by the Compensation Committee of the Board (the "Compensation Committee"). The Compensation Committee, which is composed entirely of independent, non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the executive officers. In this regard, the Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" section of this proxy statement with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the "Compensation Discussion and Analysis" section be included in this proxy statement and incorporated by reference into the company's Annual Report on Form 10-K for the fiscal year ended October 31, 2024.

1. Compensation is provided only for fiscal years for which each individual qualified as an NEO.
2. Cash bonus for Mr. May reflects the first half of a $1,000,000 sign-on bonus intended to partially replace bonus and unvested equity awards Mr. May forfeited when he resigned from his prior company to join Agilent. The remaining $500,000 will be paid following Mr. May's one-year anniversary with Agilent so long as he remains employed and in good standing through that date. Both sign-on awards are subject to a one-year clawback period following payment should Mr. May voluntarily terminate his employment before completing 12 months of service.
3. Reflects the aggregate grant date fair values, computed in accordance with Accounting Standards Codification Topic 718, Stock Compensation ("ASC Topic 718"). For more information regarding our application of ASC Topic 718, including the assumptions used in the calculations of these amounts, please refer to Note 5 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024.
4. The expenses listed in these columns include expenses for stock awards and options awarded in accordance with the LTPP and 2018 Stock Plan. For performance-based restricted stock unit awards, the grant date fair value of such awards at the time of grant was based upon the probable outcome at the time of grant. The value of the FY24 performance-based restricted stock unit awards at the grant date, assuming that the highest level of performance conditions are achieved are $8,943,460, $5,095,979, $3,395,222, $3,443,342, $2,823,390 and $17,560,452 for Messrs. McDonnell, McMahon, May, Ancher-Jensen, Grau and McMullen respectively. The amounts reflected in these columns do not represent the actual amounts paid to or realized by the NEOs for these awards.
5. Amounts consist of incentive awards earned by the NEOs during the fiscal year under the Performance-Based Compensation Plan for Covered Employees. See the "Compensation Discussion and Analysis - Fiscal year 2024 Compensation - Short-Term cash incentives" for additional details.
6. Amounts represent the net change in pension value for the following company sponsored pension plans: Agilent Technologies, Inc. Deferred Profit-Sharing Plan; Agilent Technologies, Inc. Retirement Plan and the Agilent Technologies, Inc. Supplemental Benefit Retirement Plan.
7. The information for the dollar amounts found in the All other Compensation column can be found in the following two tables and accompanying footnotes.

NEO	401(k) Employer Contribution [1]	Deferred Compensation Employer Contributions [2]	Travel Expenses [3]	Relocation [4]	Total
Mr. McDonnell	$13,375	$2,585	$5,354	$0	$21,314
Mr. McMahon	$17,492	$24,768	$5,767	$36,010	$84,037
Mr. May	$13,846	$0	$0	$0	$13,846
Mr. Ancher-Jensen	$14,227	$0	$92	$0	$14,319
Mr. Grau	$20,700	$15,210	$5,309	$0	$41,219
Mr. McMullen	$20,004	$63,004	$7,461	$0	$90,469

1. Amounts reflect company contributions to the Agilent Technologies, Inc. 401(k) Plan in fiscal year 2024.
2. Amounts reflect company contributions to the Agilent Technologies Deferred Compensation Plan in fiscal year 2024.
3. Amounts reflect imputed income expenses for the use of our drivers and vehicles for personal travel, including spouses and family; and expenses related to spousal travel to our annual President's Club meeting to recognize the highest performing salespeople in the company.
4. Our relocation program is available to all employees, including officers, and is designed to facilitate employee relocations that support our business priorities. Our relocation program does not provide any payments for loss on the sale of a home or special tax gross-ups. Mr. McMahon relocated to the Bay Area from Massachusetts. To facilitate this move, he participated in our relocation program. For fiscal year 2024, relocation costs for Mr. McMahon were $36,010 and consisted of tax preparation and advice assistance and a mortgage subsidy provided by the company under our relocation policy, with the payments being spread out over a four-year period. See table below for current and future mortgage subsidies.

	Mortgage Subsidies

1. Reflects the value of the potential payout targets for fiscal year 2024 pursuant to the annual award program under our Performance-Based Compensation Plan. Actual payout amounts under this plan are disclosed in the “Summary Compensation Table.”
2. Reflects the value of potential payout of the target number of adjusted EPS and TSR related performance shares granted in fiscal year 2024 for the FY24 through FY26 performance period under our LTPP. Actual payout of these awards, if any, will be determined by the Compensation Committee after the end of the performance period depending on whether the performance criteria set forth in our LTPP were met. Payout, if any, will be in the form of our common stock. Please see “Compensation Discussion and Analysis—Long-Term Incentives” for disclosure regarding material terms of the LTPP.
3. Reflects restricted stock units and stock options granted in fiscal year 2024 under the 2018 Stock Plan in accordance with our long-term incentive goals as described in the “Compensation Discussion and Analysis—Long-Term Incentives.” Such restricted stock units and stock options vest at 25% per year over four years with a one-year post-vest holding period assigned to each restricted stock unit tranche as it vests.
4. Represents the exercise price for the stock options granted on November 22, 2023, March 1, 2024, May 8, 2024 and June 3, 2024.
5. With respect to performance-based awards, amounts represent the grant date fair value determined in accordance with ASC Topic 718 based on the probable outcome of performance conditions. Values differ due to the performance criteria assigned to each award.

1. All stock options vest at a rate of 25% per year over four years.
2. All RSUs vest at the rate of 25% per year over four years.
3. Amounts reflect multiple unvested performance share awards that are outstanding simultaneously as of the end of fiscal year 2024 for each NEO under the LTPP. Since the FY21-FY23 LTPP EPS and TSR performance shares achieved payouts of 139% and 84% respectively, the amounts shown for the outstanding LTPP EPS performance share awards are shown at maximum payout and the TSR performance share awards are shown at target payout. The performance share awards granted on November 16, 2021 were vested and assessed on November 19, 2024. The performance share awards granted on November 15, 2022 will vest and be assessed in November 2025. The performance share awards granted on November 22, 2023 will vest and be assessed in November 2026.

Option Exercises and Stock Vested

The following table sets forth information on restricted stock units and performance awards which vested during fiscal year 2024 and stock option exercises that took place in fiscal year 2024 and the value realized on the date of exercise, if any, by each of our NEOs.

1. The amounts reflect the number of shares pursuant to options that were exercised or units that vested during the fiscal year, including in the case of

restricted stock units, the shares that vested but were still subject to a one-year post-vest holding period.

2. The value of these awards is based on the difference between the market price and the exercise price on the date of exercise, and for restricted stock units and performance shares, the closing price of our common stock on the date the shares vested.
3. Amounts reflect the performance shares granted in fiscal year 2021 pursuant to the LTPP for the fiscal years 2021 to 2023 performance period and paid out in November of calendar year 2023. Mr. McMahon had elected to defer 5,005 shares into his Deferred Compensation Account. All performance award shares were subject to a one-year post-vest holding period.

Pension Benefits

The following table shows the estimated present value of accumulated benefits, including years of service, payable at normal retirement age (65) to our NEOs under certain pension plans. Messrs. McDonnell, McMahon and May did not have an interest in any of our pension plans and there were no payments under any of our pension plans to any of our NEOs in fiscal year 2024. To calculate an eligible employee's years of service, the pension plans will bridge each eligible employee's service, if any, with Hewlett-Packard Company prior to June 2, 2000, to that eligible employee's service with us on or after June 2, 2000; the total years of service will reflect employment service from both Hewlett-Packard and us, capped at 30 years of service. The cost of all pension plans set forth below is paid entirely by us. The present value of accumulated benefit is calculated using the assumptions under ASC Topic 715, Compensation – Retirement Benefits for the fiscal year end measurement (as of October 31, 2024). The present value is based on a lump sum interest rate of 6%, DPSP rate of return of 7.5% and the "applicable mortality table" described in Section 417(e)(3) of the Internal Revenue Code. See also Note 15 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024.

Deferred Profit-Sharing Plan

The Deferred Profit-Sharing Plan is a closed, defined contribution plan. The Deferred Profit-Sharing Plan was created by Hewlett-Packard and covers participants' service with Hewlett-Packard before November 1, 1993, and is used as a floor offset for the Retirement Plan for service prior to November 1, 1993. There have been no contributions into the plan since October 31, 1993.

For service prior to November 1, 1993 (if any), the benefit due is the greater of (i) the benefit defined by the Retirement Plan formula, or (ii) the annuity value of the Deferred Profit-Sharing Plan account balance. Therefore, for service prior to November 1, 1993, the Retirement Plan guarantees a minimum retirement benefit.

Benefits under the Deferred Profit-Sharing Plan are payable at normal retirement age as either (i) a single life annuity for single participants, or (ii) a 50% joint and survivor annuity for married participants. Participants may elect to receive payments at any time following termination or retirement in the above forms or as 75% or 100% joint and survivor annuity, or as a one-time lump sum.

U.S Retirement Plan

The Retirement Plan, which was frozen for all participants as of April 30, 2016, was available to all employees hired onto U.S. payroll before November 1, 2014, and guarantees a minimum retirement benefit payable at normal retirement age (the later of age 65 or termination). Benefits were accrued on a monthly basis as a lump sum payable at normal retirement age based on eligible pay and years of service up to a maximum of 30 years as follows:

For participants who have fewer than 15 years of service:

11% × target pay at the end of the month

PLUS

5% × target pay at the end of the month in excess of 50% of the Social Security Wage Base

For participants who have 15 or more years of service:

14% × target pay at the end of the month

PLUS

5% × target pay at the end of the month in excess of 50% of the Social Security Wage Base

Benefits under the Retirement Plan are payable as either (a) a single life annuity for single participants or as (b) a 50% joint and survivor annuity for married participants. Participants may elect to receive payments at any time following termination or retirement in the above forms or as an actuarially equivalent 75% or 100% joint and survivor annuity, or as a one-time lump sum. Payments made prior to normal retirement age will be reduced in accordance with the plan provisions.

Supplemental Benefit Retirement Plan

The Supplemental Benefit Retirement Plan, which was frozen for all participants as of April 30, 2016, is an unfunded, non-qualified deferred compensation plan. Benefits payable under this plan are equal to the excess of the combined qualified Retirement Plan and Deferred Profit-Sharing Plan amount that would be payable in accordance with the terms of the Retirement Plan disregarding the benefit and compensation limitations imposed pursuant to sections 415 and 401(a)(17) of the Internal Revenue Code.

Benefits under the Supplemental Benefit Retirement Plan are payable upon termination or retirement as follows:

- Accruals prior to January 1, 2005 are paid in a single lump sum in the January following the fiscal year in which the participant takes his or her qualified Retirement Plan benefit.
- Accruals after December 31, 2004 are paid based on the date the participant retires or terminates: in January immediately following if retirement or termination occurs during the first six months of the year; or in the following July if retirement or termination occurs during the second six months of the year. Participants will receive a benefit in the form of either five annual installments (if the lump sum value is at least $150,000); or in a single lump sum (if the lump sum value is less than $150,000).

Non-Qualified Deferred Compensation

For fiscal year 2024, the 2005 Deferred Compensation Plan was available to all active employees on the US payroll with total target cash salary, including the short-term Performance-Based Compensation Plan, greater than or equal to $345,000.

There are three types of earnings that may be deferred under the program:

1. 100% of annual base pay earnings in excess of the IRS qualified plan limit of $345,000 for 2024;
2. 95% of bonus earnings, discretionary and cash compensation paid under the Performance-Based Compensation Plan; and
3. 95% of “at risk” compensation paid out in accordance with the terms of our LTPP. Awards under this program are paid out in the form of our common stock.

Deferral elections may be made annually and are part of overall tax planning for many executives. There are several investment options available under the Plan, most of which mirror the investment choices under our tax-qualified 401(k) plan. All investment choices are made by the participant. Based on market performance, dividends and interest are credited to participants’ accounts from the funds that the participant has elected.

At the time participation is elected, employees must also elect payout in one of three forms, which can commence upon termination or be delayed by an additional one, two or three years following termination:

1. a single lump sum payment;
2. annual installments over a five to fifteen-year period; or
3. a single lump sum payment in January or July on or after 2026.

As of May 2022, the company provides one type of employer contribution, which is a matching contribution up to 6% of deferred base pay amounts above the IRS qualified plan limit. Prior to May 2022, the company also provided a transitional company contribution (DCPTCC) which is a formulaic contribution put in place due to the freeze of the U.S. pension and supplemental benefit retirement plans. Contributions made by the company to our NEOs are detailed in the table that follows.

Payouts are distributed to eligible participants in January of the year following termination, if termination occurs during the first six months of the calendar year. Otherwise, payouts are distributed to eligible participants in July of the year following termination where termination occurs during the second half of the calendar year. No early distributions or withdrawals are allowed. When and if received, a participant in the LTPP may elect to defer his or her shares through our 2005 Deferred Compensation Plan. The LTPP shares are deferred in the form of our common stock only. At the end of the deferral period, the LTPP shares are released to the executive.

We have established a rabbi trust as a source of funds to make payments under the non-qualified deferred compensation plan. As of October 31, 2024, the rabbi trust with Fidelity Management Trust Company was fully funded, so there is no need for additional funding.

The table below provides information on the non-qualified deferred compensation of the NEOs for fiscal year 2024.

1. The salary and cash compensation portion of the amounts reflected above is included in the amount reported in the “Summary Compensation Table” for the applicable year.
2. Amounts reflected are not included in the “Summary Compensation Table” because the earnings are not “above-market.” These amounts include dividends, interest and change in market value.

Termination and Change of Control Arrangements

Set forth below is a description of the plans and agreements that could result in potential payments to the NEOs in the case of their termination of employment and/or a change of control of the company.

Effective with awards issued after October 31, 2018, the Compensation Committee modified the formula to qualify for continued vesting of awards upon retirement. The new formula requires that an employee who voluntarily terminates his or her employment will qualify for continued vesting only if his or her separation from service occurs after age 60 and the combination of the employee's age plus eligible years of service is 75 or greater at such time. When an employee meets this requirement, his or her stock options and stock awards continue to vest per their original vesting schedule rather than accelerate at termination, and such employee is eligible to receive the full amount paid out under his or her performance stock units at the end of the applicable performance period based on actual achievement, assuming such retirement occurs after the 12-month anniversary of the date of grant of the performance stock units. If such retirement occurs during the first 12 months of the date of grant of the performance stock units, the employee would be eligible to receive a pro rata portion of the amount paid out under his or her performance stock units at the end of the applicable performance period based on actual achievement. We believe continued vesting following retirement, rather than acceleration upon retirement, better aligns NEO interests with stockholders beyond the date such NEO retires from the company. As of October 31, 2024, Mr. McMullen and Mr. Grau have met the eligibility requirements for continued vesting upon retirement. None of our other NEOs have met this requirement. Stock options and time-based stock awards vest on a "double-trigger" basis in connection with a qualifying termination following a change in control as described below. Finally, if an employee dies or becomes fully disabled, his or her unvested stock options and stock awards fully vest. For additional details regarding the treatment of equity awards (including performance stock units) upon a change of control or other separation from service, please see the "Termination and Change of Control Table".

Change of Control Agreements

Each NEO has entered into a Change of Control Agreement with the company. Under these agreements, in the event that within 24 months after or three months prior to a change of control of the company (or any time prior to a change of control if such action is requested by a potential acquiror), the company or its successor terminates the employment of such executive without cause or an event constituting good reason occurs and the executive resigns within three months after such an event, the executive will be entitled to: (i) two times, or solely with respect to the CEO, three times, the sum of such executive's base salary and target bonus, (ii) payment of $80,000 for medical insurance premiums, (iii) full vesting of all outstanding options and stock awards not subject to performance-based vesting, and (iv) a prorated portion of any bonus for the fiscal year in which such termination occurs based on the greater of actual achievement as accrued on the termination date and target performance. Our change of control agreements do not provide tax gross-ups of parachute payments and instead provide "best-net" cutbacks.

Under the current agreements, a "change of control" means the occurrence of any of the following events: (i) the sale, exchange, lease or other disposition or transfer of all or substantially all of the assets of the company to a third party; (ii) a merger or consolidation involving the company in which our stockholders immediately prior to such merger or consolidation are not the owners of more than 75% of the total voting power of the outstanding voting securities of the company after the transaction; (iii) the acquisition of beneficial ownership of at least 25% of the total voting power of the outstanding voting securities of the company by a third person; or (iv) Individuals who, as of the effective date of such agreements, constitute the Board cease for any reason to constitute at least a majority of the Board.

"Good reason" means (i) the reduction of the officer's rate of pay, other than reductions that apply to employees generally and variable and performance reductions; (ii) failure to provide benefits after a change of control, which taken as a whole are substantially similar to those in effect prior to the change in control, or any actions that significantly and adversely affect participation in or cause the reduction of benefits, other than those applied to employees broadly; (iii) a change in the officer's duties, responsibilities, authority, job title, or reporting relationships resulting in a significant diminution of position, subject to certain exceptions; (iv) the relocation to a worksite that is more than 35 miles from his or her prior worksite and which increases the distance between such executive's home and principal office by more than 35 miles, unless executive accepts such relocation opportunity; (v) the failure or refusal of a successor to the company to assume our obligations under the agreement; or (vi) a material breach by the company or any successor to the company of any of the material provisions of the agreement.

Under these agreements, “cause” means misconduct, including: (i) conviction of any felony or any crime involving moral turpitude or dishonesty which has a material adverse effect on our business or reputation; (ii) repeated unexplained or unjustified absences from the company; (iii) refusal or willful failure to act in accordance with any specific directions, orders or policies of the company that has a material adverse effect on our business or reputation; (iv) a material and willful violation of any state or federal law that would materially injure the business or reputation of the company as reasonably determined by the Board; (v) participation in a fraud or act of dishonesty against the company which has a material adverse effect on our business or reputation; (vi) conduct by the officer which the Board determines demonstrates gross unfitness to serve; or (vii) intentional, material violation by the officer of any contract between the officer and the company or any statutory duty of the officer to the company that is not corrected within thirty days after written notice to the officer.

The foregoing severance payments and benefits are subject to the participant's timely execution and non-revocation of a general release of claims and continue with certain restrictive covenants. In addition, these payments and benefits are subject to a "best net after-tax" provision in the event that the benefits would trigger excise tax penalties and loss of deductibility under Sections 280G and 4999 of the U.S. Internal Revenue Code.

In addition, in the event of a change of control:

- Participants in the LTPP would receive an LTPP payout of their performance shares equal to the greater of the target award and the accrued payout amount, payable at the earlier of the end of the applicable performance period and the change of control. In the case of a change of control during the first 12 months of the performance cycle, any amounts payable will be prorated for the amount of time elapsed in the first 12 months of the performance cycle; and
- Participants who receive restricted stock unit awards and stock options would vest in full immediately prior to the closing of the transaction, unless the awards are assumed, converted or replaced in full by the successor corporation or a parent or subsidiary of the successor.

Termination and Change of Control Table

For each of the NEOs, the table below estimates the amount of compensation that would be paid in the event a change of control of the company occurs and the executive is terminated without cause or voluntarily resigns for good reason, in both cases either within 24 months following the change of control or within three months prior to such change of control.

The amounts shown assume that each of the terminations was effective October 31, 2024.

CEO Pay Ratio

The SEC requires companies to disclose the ratio of the annual total compensation of their CEO to the median of the annual total compensation of their other employees.

Methodology and Pay Ratio

We determined the median employee based on the 17,402 employees on our payroll (excluding the CEO) as of October 31, 2024, based on a consistently applied compensation measure defined as the sum of base salary, annual bonus and target LTI value. Once we identified the median employee, the annual total compensation was then calculated according to the SEC's rules for the Summary Compensation Table. The annual total compensation of our median employee for fiscal year 2024 was $75,642. As disclosed in our Summary Compensation Table on page 42, our CEO's annual total compensation for fiscal year 2024 was $9,046,505. Based on these compensation amounts, our estimate of the ratio of the annual total compensation of CEO to the annual total compensation of our median employee was 120 to 1.

As of October 31, 2024, Agilent had employees in 30 countries with 37% in Asia Pacific, 26% in Europe, Middle East and Africa and 37% in the Americas.

Pay versus performance

The following information, as required and defined by SEC rules, shows the relationship between executive compensation actually paid and certain financial performance measures. For information about how our Compensation Committee seeks to align executive compensation with the company's performance, see "Compensation Discussion and Analysis." The amounts in the table below are calculated in accordance with SEC rules and do not represent amounts actually earned or realized by our NEOs.

1. Represents the amount of "Compensation Actually Paid" or "CAP" as computed per SEC rules. These amounts do not reflect the actual amount of compensation earned by or paid to the applicable individual(s) during the applicable year. The following table summarizes the adjustments made to total compensation in accordance with Item 402(v) of Regulation S-K in order to determine the compensation amounts shown in the table above as being "Compensation Actually Paid". Mr. McMullen was CEO 1 for 2024 and CEO for 2023, 2022 and 2021. Mr. McDonnell was CEO 2 for fiscal year 2024. The other NEOs were Messrs McMahon (all years), Mr. Ancher-Jensen (2024, 2023 and 2022), Mr. McDonnell (2023, 2022 and 2021), Messrs May and Grau (2024), Mr. Raha (2023, 2022 and 2021) and Mr. Thaysen (2022 and 2021). Messrs. Raha and Thaysen resigned from the company effective December 8, 2023 and September 5, 2023, respectively.
2. For the relevant fiscal year, represents the cumulative total shareholder return of the company for the measurement periods ending on October 31 of each of 2024, 2023, 2022 and 2021, respectively.
3. For the relevant fiscal year, represents the cumulative total shareholder return of the Standard & Poor's 500 Healthcare and Standard & Poor's 500 Materials Indices ("S&P Index"), our published industry index for purposes of disclosure under Item 201(e) of Regulation S-K, for the measurement periods ending on October 31 of each of 2024, 2023, 2022 and 2021, respectively.
4. Net Income is a GAAP measure.
5. Adjusted EPS is a non-GAAP measure. Appendix A to this Proxy Statement defines this and other non-GAAP financial measures.

Measures Linking Pay and Performance

As described in greater detail in “Compensation Discussion and Analysis,” our approach to executive compensation is designed to provide a market competitive total compensation program that directly links pay to performance, promotes the achievement of key strategic and financial performance, motivates long-term value creation, aligns executive officers’ interests with those of our stockholders, and attracts and retains the best possible executive talent. The most important financial measures used by the company to link Compensation Actually Paid (as defined by SEC rules) to the company’s NEOs for the most recently completed fiscal year to the company’s performance are:

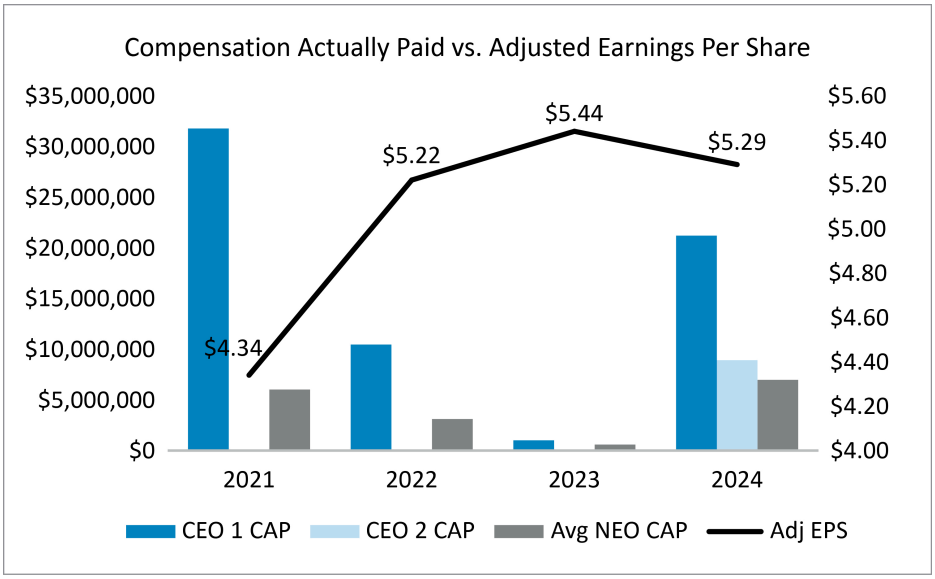

- Adjusted Operating Margin %
- Adjusted Earnings Per Share (EPS)
- Total Shareholder Return (TSR)
- Adjusted Revenue

Relationship between pay and performance

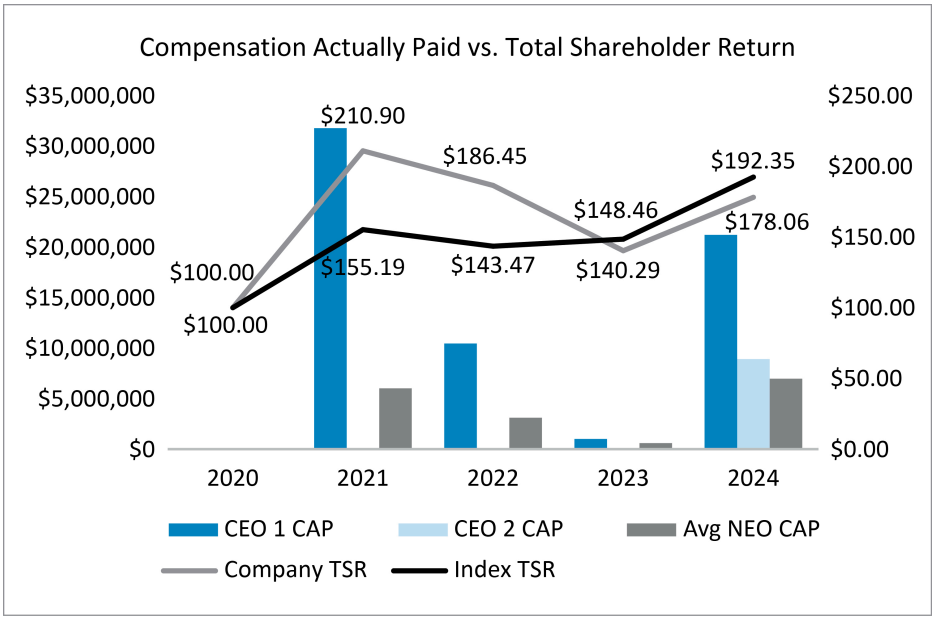

While we utilize several performance measures to align executive compensation with performance, all of those measures are not presented in the "Pay versus performance" table. Moreover, the company does not specifically align the company's performance measures with Compensation Actually Paid (as defined by SEC rules) for a particular year. In accordance with SEC rules, we are providing the following graphic descriptions of the relationships between information presented in the "Pay versus performance" table.

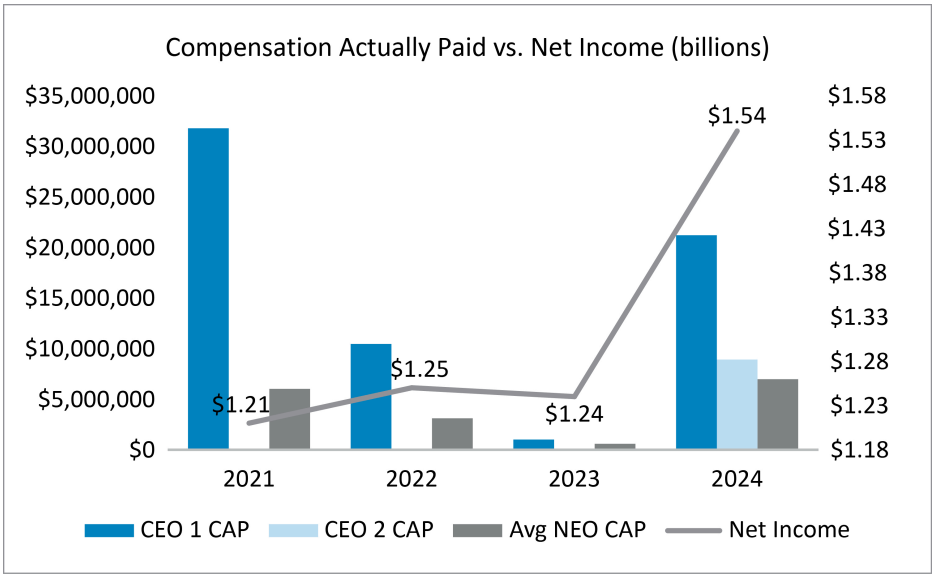

Note: Non-GAAP operating margin is further defined and reconciled to the most directly comparable GAAP financial measures in Appendix A to this proxy statement.

Note: Non-GAAP diluted EPS is further defined and reconciled to the most directly comparable GAAP financial measures in Appendix A to this proxy statement.

PROPOSAL 2 — ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Our stockholders are entitled to cast an advisory vote at the annual meeting to approve the compensation of our named executive officers, as disclosed in this proxy statement. The stockholder vote is an advisory vote only and is not binding on the company or its Board of Directors. The company currently intends to submit the compensation of the company's named executive officers for an advisory vote annually, consistent with the advisory vote of the stockholders at the company's 2024 annual meeting.

Although the vote is non-binding, the Compensation Committee and the Board of Directors value your opinions and will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions.

As described more fully in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of the proxy statement, we believe our named executive officers, as identified on page 24, are compensated in a manner consistent with our business strategy, competitive practice, sound compensation governance principles and stockholder interests and concerns. Our compensation policies and decisions are focused on pay-for-performance.

We are requesting your non-binding vote to approve the compensation of our named executive officers as described in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of the proxy statement.

Vote Required

The advisory vote regarding approval of the compensation of our named executive officers requires the affirmative vote of a majority of shares present at the annual meeting or represented by proxy and entitled to vote on the proposal. Abstentions will have the same effect as votes against this proposal. Broker non-votes will have no effect on this proposal as brokers are not entitled to vote on such proposals in the absence of voting instructions from the beneficial owner.

The Board of Directors recommends a vote FOR the approval of the compensation of our named executive officers for fiscal 2024.

PROPOSAL 3 — RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Finance Committee of the Board has appointed PricewaterhouseCoopers LLP (“PwC”) as our independent registered public accounting firm to audit our consolidated financial statements for the 2025 fiscal year. During the 2024 fiscal year, PwC served as our independent registered public accounting firm and also provided certain tax and other non-audit services. Although we are not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Audit and Finance Committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

Representatives of PwC are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

Vote Required

The ratification of the appointment of PwC as our independent registered public accounting firm requires the affirmative vote of a majority of shares present at the annual meeting or represented by proxy and entitled to vote on the proposal. Abstentions will have the same effect as votes against this proposal. The approval of the appointment of PwC is a routine proposal on which a broker or other nominee is generally empowered to vote in the absence of voting instructions from the beneficial owner, so broker non-votes are unlikely to result from this proposal.

The Board of Directors recommends a vote FOR the ratification of the Audit and Finance Committee’s appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm.

AUDIT MATTERS

Fees Paid to PricewaterhouseCoopers LLP

The following table sets forth the aggregate fees charged to the company by PwC for audit services rendered in connection with the audited consolidated financial statements and reports for the 2024 and 2023 fiscal years and for other services rendered during the 2024 and 2023 fiscal years to the company and its subsidiaries, as well as all out-of-pocket costs incurred in connection with these services:

Fee Category:	Fiscal 2024 ($)	% of Total	Fiscal 2023 ($)	% of Total
Audit Fees	$5,605,400	97.1%	$4,760,000	99.1%
Audit-Related Fees	140,000	2.4%	25,000	0.5%
Tax Fees	22,518	0.39%	17,024	0.4%
All Other Fees	2,000	0.03%	900	0.0%
Total Fees	$5,769,918	100%	$4,802,924	100%

Audit Fees: Consist of fees billed for professional services rendered for the integrated audit of our consolidated financial statements and our internal control over financial reporting and review of the interim condensed consolidated financial statements included in quarterly reports. Fiscal 2024 and 2023 audit fees also consist of fees billed for services that are normally provided by PwC in connection with statutory reporting and regulatory filings or engagements and attest services, except those not required by statute or regulation.

Audit-Related Fees: Consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under “Audit Fees.” These services include accounting consultations in connection with acquisitions and divestitures, attest services that are not required by statute or regulation, and consultations concerning financial accounting and reporting standards.

Tax Fees: Consist of fees billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal, state and international tax compliance, tax audits and appeals, customs and duties, mergers and acquisitions and international tax planning.

All Other Fees: Consist of fees for all other services other than those reported above.

Auditor Independence

In making its recommendation to ratify the appointment of PwC as our independent registered public accounting firm for the fiscal year ending October 31, 2025, the Audit and Finance Committee has considered whether services other than audit and audit-related services provided by PwC are compatible with maintaining the independence of PwC.

Policy on Preapproval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit and Finance Committee’s policy is to preapprove all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Preapproval is generally provided for up to one year and any preapproval is detailed as to the particular service or category of services and is subject to a specific budget. The Audit and Finance Committee has delegated its preapproval authority up to a specified maximum to the Chairperson of the Audit and Finance Committee who may preapprove all audit and permissible non-audit services so long as his preapproval decisions are reported to the Audit and Finance Committee at its next scheduled meeting. In FY24, all non-audit services by PWC were pre-approved.

The information contained in this report shall not be deemed to be "soliciting material," to be "filed" with the SEC, or to be subject to Regulation 14A or Regulation 14C (other than as provided in Item 407 of Regulation S-K) or to the liabilities of Section 18 of the Exchange Act, and shall not be deemed to be incorporated by reference in future filings with the SEC except to the extent that the company specifically incorporates it by reference into a document filed under the Securities Act of 1933 (the "Securities Act") or the Exchange Act.

AUDIT AND FINANCE COMMITTEE REPORT

During fiscal year 2024, the Audit and Finance Committee of the Board (the "Audit and Finance Committee") reviewed the quality and integrity of the company's consolidated financial statements, the effectiveness of its system of internal control over financial reporting, its compliance with legal and regulatory requirements, the qualifications and independence of its independent registered public accounting firm, the performance of its internal audit function and independent registered public accounting firm and other significant financial matters. Each of the Audit and Finance Committee members satisfies the definition of independent director and is financially literate as established in the New York Stock Exchange. In addition, the Board of Directors has identified Dow R. Wilson as the Audit and Finance Committee's "Financial Expert." The company operates with a November 1 to October 31 fiscal year. The Audit and Finance Committee met twelve times, including telephone meetings, during the 2024 fiscal year. Between formal meetings, members of the Audit and Finance Committee, particularly the Chair, will additionally speak with members of management on financial and related topics.

The Audit and Finance Committee's work is guided by a written charter that the Board has approved. The Audit and Finance Committee regularly reviews its charter to ensure that it is meeting all relevant audit committee policy requirements of the SEC, the Public Company Accounting Oversight Board and the New York Stock Exchange. You can access the latest Audit and Finance Committee charter by clicking on "Committee Charters" in the "Governance" section of the web page at www.investor.agilent.com or by writing to us at Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attention: Investor Relations.

The Audit and Finance Committee has reviewed and discussed with management and PricewaterhouseCoopers LLP, the company's independent registered public accounting firm, the company's audited consolidated financial statements and its internal controls over financial reporting. The Audit and Finance Committee has discussed with PricewaterhouseCoopers LLP, during the 2024 fiscal year, the matters required to be discussed by AS 1301 (Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board and approved by the SEC.

The Audit and Finance Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit and Finance Committee concerning independence and has discussed with PricewaterhouseCoopers LLP its independence from the company. Based on the review and discussions noted above, the Audit and Finance Committee recommended to the Board that the company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended October 31, 2024, and be filed with the SEC.

PROPOSAL 4 — AMENDMENT OF AGILENT'S CERTIFICATE OF INCORPORATION TO REMOVE SUPERMAJORITY VOTING REQUIREMENTS

The Board of Directors has unanimously approved, and recommends that stockholders approve, an amendment to Agilent's Second Amended and Restated Certificate of Incorporation (the "Certificate"), substantially in the form attached to this proxy statement as Appendix B, to eliminate the current requirement in the Certificate for an affirmative vote of the combined voting power of at least eighty percent (80%) of the voting power of all shares of Agilent entitled to vote generally in the election of directors (the "Voting Stock") then outstanding to approve certain actions.

Background

At the 2024 annual meeting, stockholders approved a non-binding stockholder proposal requesting the Board take necessary steps to eliminate supermajority voting provisions in Agilent's Certificate and Bylaws. The Board of Directors made no recommendation with respect to the proposal in order to fully understand the viewpoints of Agilent's stockholders on the matter. After extensive engagement and discussion with stockholders, the Board has decided to propose an amendment to our Certificate to eliminate all remaining supermajority voting provisions.

Proposed Amendments

Article X of the Certificate provides that the affirmative vote of the holders of at least 80% of the Voting Stock then outstanding, voting together as a single class shall be required to:

- alter, amend, adopt any provision inconsistent with Article V of the Certificate which relates to the process by which special meetings of stockholders may be called;
- alter, amend, adopt any provision inconsistent with Article VII of the Certificate which relates to the management of the business and the conduct of affairs of the company, including the election of directors, the filling of Board vacancies, amendments to the Bylaws, and advance notice of stockholder nominations; and
- alter, amend, adopt any provision inconsistent with Article X of the Certificate.

Upon the approval by our stockholders of the proposed amendment, Article X of our Certificate would be amended as follows:

> "Except as otherwise provided in Article VIII above, the Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by the laws of the state of Delaware, and all rights conferred upon stockholders herein are granted subject to this reservation."

Responsiveness to 2024 Stockholder Proposal to Eliminate Supermajority Voting Thresholds

In response to the support received at our 2024 annual meeting for the stockholder proposal requesting that we eliminate supermajority voting thresholds in our Certificate and Bylaws, and at the direction of the Board, members of our Board and management conducted outreach to over sixty-five percent (65%) of our stockholder base to seek feedback from stockholders on the matter. A significant portion of our stockholder base indicated their support for removing supermajority voting thresholds from our Certificate and Bylaws. The feedback we received from our stockholders on this topic was reviewed and discussed with the Board. After careful consideration of the results of the proposal and the stockholder feedback we received, as well as a review of market practices, the Board has recommended that stockholders approve an amendment to Agilent's Certificate to eliminate the supermajority voting thresholds. The Board has also separately approved amendments to Agilent's Bylaws to eliminate the supermajority voting thresholds contained therein.

Vote Required

The affirmative vote of holders of at least eighty percent (80%) of the Voting Stock is required to approve the amendment to our Certificate described herein.

The Board of Directors recommends a vote FOR the approval of Proposal 4 – Removal of Supermajority Voting Requirements.

PROPOSAL 5 — ELECT EACH DIRECTOR ANNUALLY

Agilent received a stockholder proposal from John Chevedden of 2215 Nelson Avenue, No. 205, Redondo Beach, CA 90278, who beneficially owns fifty (50) shares of Agilent common stock (the "Proponent"). The Proponent has requested that Agilent include the following proposal and supporting statement in this proxy statement. The proposal may be voted on at the annual meeting only if properly presented by the Proponent or the Proponent's qualified representative at the annual meeting.

This proposal and supporting statement are quoted verbatim below and Agilent is not responsible for their content, including any inaccurate statements that may be contained in them.

For the reasons set forth following the Proponent's proposal, the Board of Directors makes no recommendation on Proposal 5 – Elect Each Director Annually.

RESOLVED, shareholders ask that our Company take all the steps necessary to reorganize the Board of Directors in order that each director stands for election at each annual meeting.

Although our management can adopt this proposal topic in one-year and one-year implementation is a best practice, this proposal allows the option to phase it in.

Classified Boards like the Constellation Energy Board have been found to be one of 6 entrenching mechanisms that are negatively related to company performance according to "What Matters in Corporate Governance" by Lucien Bebchuk, Alma Cohen and Allen Ferrell of the Harvard Law School.

Arthur Levitt, former Chairman of the Securities and Exchange Commission said, "In my view it's best for the investor if the entire board is elected once a year. Without annual election of each director shareholders have far less control over who represents them."

A total of 79 S&P 500 and Fortune 500 companies, worth more than $1 trillion, have adopted this important proposal topic since 2012. Annual election of each director could make directors more accountable, and thereby contribute to improved performance and increased company value at no extra cost to shareholders. Thus it was not a surprise that this proposal topic won majority support at Tesla in 2024 even when the biased insider shares, which voted every eligible share, were opposed.

Annual election of each director gives shareholders more leverage if the Board of Directors performs poorly. For instance if the Board of Directors approves excessive executive pay shareholders can soon vote against the Board's executive pay committee members instead of potentially waiting 3 long years under the current setup.

With the current 3-year terms for directors a director who is routinely absent from Board of Directors meetings could escape a wake-up shareholder vote for 3 long years. Thus the outdated 3-year terms for Agilent Technologies directors unfortunately opens the gate for poor director performance and is overdue for an improvement.

Please vote yes:
Elect Each Director Annually - Proposal 5

Board Recommendation

The Board is interested in further understanding the viewpoints of the company's stockholders and makes no recommendation with respect to the proposal. Consistent with our historical commitment to stockholder engagement, the Board will carefully evaluate the voting results of this proposal, the results of the vote on Proposal 4, together with additional stockholder input received in the course of the company's stockholder engagement program, in determining the appropriate course of action. Should this proposal receive stockholder approval, the company will conduct outreach to the company's stockholder base to enable the Board to take the appropriate responsive actions to the feedback received, including taking steps to obtain stockholder approval to amend the company's Charter to declassify the Board.

Stockholders should note that this proposal is advisory in nature only and approval of this proposal would not, by itself, result in the declassification of the Board. The Board and stockholders would need to take subsequent action to amend our Certificate to declassify the Board.

Vote Required

The affirmative vote of a majority of shares present at the annual meeting or represented by proxy and entitled to vote is required for approval of the proposal. Abstentions will have the same effect as votes against this proposal. Brokers and other nominees will not be entitled to vote on the proposal in the absence of voting instructions from the beneficial owner, so broker non-votes will not be counted for purposes of determining whether the proposal has been approved. Proxies returned without voting instructions shall be voted "ABSTAIN" with respect to the proposal.

The Board of Directors makes no recommendation on Proposal 5 – Elect Each Director Annually

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file reports with the SEC regarding their ownership and changes in ownership of our common stock. We believe that during the 2024 fiscal year, one of our executive officers failed to file certain Form 4s on a timely basis. Philip Binns reported a transaction on a late Form 4 filing. In making these statements, we have relied upon examination of copies of Forms 3, 4 and 5 filed with the SEC and the written representations of our directors and officers.

GENERAL INFORMATION

Q: Who can participate at the annual meeting?

A: Stockholders of record as of January 23, 2025 (the "record date") can participate in and vote at the annual meeting.

Q: How can I pre-register for the annual meeting?

A: Stockholders of record as of the record date who wish to attend the annual meeting in person are highly recommended to pre-register for the meeting by 5 p.m., Pacific Time, March 3, 2025, by submitting (1) your name and (2) the 15-digit control number included on your Notice of Internet Availability of Proxy Materials, your proxy card or on the instructions that accompanied your proxy materials via email to agilent_agm@agilent.com. For security concerns, only pre-registered stockholders may attend the meeting in-person.

Q: How will the annual meeting be conducted?

A: The annual meeting will be conducted in person at 5301 Stevens Creek Blvd., Santa Clara, California 95051 on 8:00 a.m., Pacific Time, on March 13, 2025, at which time the meeting will begin promptly. To minimize any disruptions, there will be no admittance to the annual meeting once the meeting has commenced.

Q: How can I attend the annual meeting if I am unable to attend in person?

A: If you are unable to attend the annual meeting in person, you may listen through the Internet or by telephone. To listen to the live webcast, log on at www.investor.agilent.com and select the link for the webcast. To listen by telephone, please call (800) 715-9871 (international callers should dial (646) 307-1963). The meeting identification number is 87316. The webcast will begin at 8:00 a.m., Pacific Time and will remain on the company's website for one year. You cannot record your vote or ask questions on this website or at this phone number. Information as to how to obtain the list of stockholders entitled to vote at the annual meeting will be available during the ten days preceding the annual meeting.

Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with rules and regulations adopted by the Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials, including this proxy statement and our Annual Report on Form 10-K for the fiscal year ended October 31, 2024 (the "Annual Report"), by providing access to such documents on the Internet. Stockholders will not receive printed copies of the proxy materials unless they request them. Instead, commencing on or about January 31, 2025, a Notice of Internet Availability of Proxy Materials (the "Notice") was sent to most of our stockholders which will instruct you how to access and review the proxy materials on the Internet. The Notice also instructs you to submit your proxy via the Internet. If you would like to receive a paper or email copy of our proxy materials, please follow the instructions for requesting such materials in the Notice.

Q: Why am I receiving these materials?

A: We are providing these proxy materials to you on the Internet or, upon your request, have delivered printed versions of these materials to you by mail, in connection with our 2025 annual meeting of stockholders, which will take place on March 13, 2025. Stockholders are invited to participate in the annual meeting and are requested to vote on the proposals described in this proxy statement.

Q: Who is soliciting my proxy?

A: We are soliciting proxies to be used at the annual meeting of stockholders on March 13, 2025, for the purposes set forth in the foregoing Notice.

Q: What is included in these proxy materials?

A: These proxy materials include:

- Our proxy statement for our annual meeting; and
- Our Annual Report, which includes our audited consolidated financial statements.

If you requested printed versions of these materials by mail, these materials also include the proxy card or the voting instruction card for the annual meeting. If you received a Notice of Internet Availability of the Proxy Materials, see below for information regarding how you can vote your shares.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers and certain other required information.

Q: What shares owned by me can be voted?

A: All unrestricted shares owned by you as of the close of business on January 23, 2025 may be voted. You may cast one vote per share of common stock that you held on the record date. These include shares that are: (1) held directly in your name as the stockholder of record, including shares received or purchased through the Agilent Technologies, Inc. 1999 Stock Plan, 2009 Stock Plan and 2018 Stock Plan and the Agilent Technologies, Inc. Employee Stock Purchase Plan and 2020 Employee Stock Purchase Plan (collectively, the "Deferred Compensation Plans"), and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee or otherwise held for your account by the Deferred Compensation Plans. You can direct Fidelity, the trustee of the Deferred Compensation Plans, to vote your proportionate interest in the shares of common stock held under the Deferred Compensation Plans by returning a proxy card or voting instruction form or by providing voting instructions via the Internet or by telephone. Fidelity will vote your Deferred Compensation Plan shares as of the record date in the manner directed by you. Because Fidelity is designated to vote on your behalf, you will not be able to vote your shares held in the Deferred Compensation Plans at the meeting. If we do not receive voting instructions from you by 1:00 a.m., Eastern time, on March 13, 2025, Fidelity will not vote your Deferred Compensation Plan shares on any of the proposals brought at the annual meeting.

On the record date, January 23, 2025, we had 285,289,591 shares of common stock issued and outstanding.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record: If your shares are registered directly in your name with our transfer agent Computershare, you are considered, with respect to those shares, the stockholder of record, and the Notice, or if requested, the proxy materials are being sent directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the persons named as proxy holders, Padraig McDonnell, President and Chief Executive Officer and Bret DiMarco, Senior Vice President, Chief Legal Officer and Secretary, or to vote at the annual meeting. If you requested printed copies of the proxy materials, we have provided a proxy card for you to use.

Beneficial Owner: If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name," and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you are invited to participate in the annual meeting. You also have the right to direct your broker on how to vote these shares. Your broker or nominee should have enclosed a voting instruction form for you to direct your broker or nominee how to vote your shares. You may also vote by Internet or by telephone, as described below under "How can I vote my shares without attending the annual meeting?" However, shares held in "street name" may be voted at the annual meeting by you only if you obtain a signed legal proxy from the record holder (stock brokerage, bank, or other nominee) giving you the right to vote the shares.

Q: What identification is required for admission to the annual meeting?

A*:* In order to be admitted to the annual meeting, in addition to pre-registering as noted above, you must present proof of ownership of our stock on the record date. This can be a brokerage statement or letter from a bank or broker indicating ownership on January 23, 2025, the Notice of Internet Availability of Proxy Materials, a proxy card, or legal proxy or voting instruction card provided by your broker, bank or nominee. Any holder of a proxy from a stockholder must present the proxy card, properly executed, and a copy of the proof of ownership. Stockholders and proxyholders will also be asked to present a form of photo identification such as a driver's license or passport. Backpacks, cameras, recording equipment and other electronic recording devices will not be permitted at the annual meeting. We reserve the right to inspect any persons or proposals prior to their admission to the annual meeting. Failure to follow the meeting rules or permit inspection will be grounds for exclusion from the annual meeting.

Q: How can I ask questions at the annual meeting?

A: We are committed to ensuring the annual meeting provides stockholders with a meaningful opportunity to participate, including the ability to ask questions. Stockholders of record attending the annual meeting in person will have an opportunity to ask questions during the annual meeting. Please note that stockholders are limited to one question each. All questions or remarks must be relevant to the business of the company or to the business of the annual meeting and briefly stated. Questions relevant to meeting matters will be answered during the meeting, subject to time constraints.

Q: How can I vote my shares in person at the annual meeting?

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring proof of ownership of our stock on the record date, such as the Notice of Internet Availability of Proxy Materials, legal proxy, voting instruction card provided by your broker, bank or nominee, or a proxy card as well as proof of identification, as noted above. Even if you plan to attend the annual meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold your shares directly as the stockholder of record or beneficially in "street name", you may direct your vote without attending the annual meeting by proxy. You can vote by proxy over the Internet or by telephone. Please follow the instructions provided in the Notice, or, if you request printed copies of proxy materials, on the proxy card or voting instruction card.

Q: Can I revoke my proxy or change my vote?

A: You may revoke your proxy or change your voting instructions prior to the vote at the annual meeting. You may enter a new vote by using the Internet or the telephone or by mailing a new proxy card or new voting instruction card bearing a later date (which will automatically revoke your earlier voting instructions) or by attending the annual meeting and voting in person. Your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request.

Q: How are votes counted?

A: In the election of directors, your vote may be cast "FOR" or "AGAINST" one or more of the nominees, or you may "ABSTAIN" from voting with respect to one or more of the nominees. Shares voting "ABSTAIN" have no effect on the election of directors.

For proposals 2, 3, 4 and 5, your vote may be cast "FOR" or "AGAINST" or you may "ABSTAIN." If you "ABSTAIN," it has the same effect as a vote "AGAINST." If you sign your proxy card or broker voting instruction form with no further instructions, your shares will be voted as described below in "Abstentions and Broker Non-Votes".

Abstentions and Broker Non-Votes

Any shares represented by proxies that are marked to “ABSTAIN” from voting on a proposal will be counted as present in determining whether we have a quorum. They will also be counted in determining the total number of shares entitled to vote on a proposal. Abstentions and, if applicable, broker non-votes will not be counted as votes “cast" and thus will have no effect on determining whether a director nominee has received a majority of the votes cast.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your broker, in its discretion, may either leave your shares unvoted or vote your shares on routine matters. Only Proposal 3 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. If your broker returns a proxy card but does not vote your shares, this results in a “broker non-vote.” Broker non-votes will be counted as present for the purpose of determining a quorum.

Proposals 1 (election of directors), 2 (approval of the compensation of our named executive officers), 4 (approval of the removal of supermajority voting requirements) and 5 (stockholder proposal to elect each director annually) are not considered routine matters, and without your instruction, your broker cannot vote your shares. Because brokers do not have discretionary authority to vote on these proposals, broker non-votes will not be counted for the purpose of determining the number of votes cast on these proposals.

Q: What does it mean if I receive more than one Notice, proxy card or voting instruction form?

A: It means your shares are registered differently or are in more than one account. For each Notice you receive, please vote online for each control number you have been assigned. If you receive paper copies of proxy materials, please provide voting instructions for all proxy cards and voting instruction forms you receive.

Q: Where can I find the voting results of the annual meeting?

A: We will announce preliminary voting results at the annual meeting and publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the annual meeting.

Q: What happens if additional proposals are presented at the annual meeting?

A: Other than the five proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Padraig McDonnell, President and Chief Executive Officer and Bret DiMarco, Senior Vice President, Chief Legal Officer and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting.

If for any unforeseen reason, any one or more of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: What is the quorum requirement for the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting.

Q: Who will count the vote?

A: A representative of Computershare will tabulate the votes and act as the inspector of election.

Q: Is my vote confidential?

A*:* Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the company or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Agilent is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. We have retained the services of Georgeson LLC ("Georgeson") to aid in the solicitation of proxies from banks, brokers, nominees and intermediaries. We estimate that we will pay Georgeson a fee of $17,500 for its services.

In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q: Whom should I contact if I have questions?

A: Stockholders with questions or who need assistance in voting their shares may call our proxy solicitor Georgeson, toll-free at
1-888-755-4024.

Q: May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?

A: You may submit proposals for consideration at future annual stockholder meetings, including director nominations.

Rule 14a-8 Stockholder Proposals: In order for a stockholder proposal to be considered for inclusion in our proxy statement for next year's annual meeting pursuant to Rule 14a-8, the written proposal must be received by us no later than October 3, 2025. Such proposals will need to comply with the SEC's regulations regarding the inclusion of stockholder proposals in our proxy materials. In order for a stockholder proposal to be raised from the floor during next year's annual meeting, written notice must be received by us no later than October 3, 2025, and must contain such information as required under our Bylaws.

Nomination of Director Candidates: Our Bylaws permit stockholders to nominate directors at a stockholder meeting. In order to make a director nomination at an annual stockholder meeting, it is necessary that you notify us not more than 150 days and not less than 120 days before the first anniversary of the date that the proxy statement for the preceding year's annual meeting was first sent to stockholders.

Our 2025 proxy statement was first sent to stockholders on January 31, 2025. Thus, in order for any such nomination notice to be timely for next year's annual meeting, it must be received by us no earlier than September 3, 2025 and no later than October 3, 2025. In addition, the notice must meet all other requirements contained in our Bylaws and include any other information required pursuant to Regulation 14A of the Exchange Act. In addition to satisfying the deadline in our Bylaws, a stockholder or group of stockholders who intend to solicit proxies in support of nominees other than our nominees must provide the notice required under Rule 14a-19 under the Exchange Act no later than January 12, 2026.

Our Bylaws provide a proxy access right for stockholders, pursuant to which a stockholder, or a group of up to 20 stockholders, owning at least three percent of our outstanding common stock continuously for at least three years, may nominate and include in our proxy materials director nominees constituting up to the greater of two individuals or twenty percent of the Board, subject to certain limitations and provided that the stockholders and the nominees satisfy the requirements specified in our Bylaws. Under our Bylaws, to be considered timely, compliant notice of proxy access director nominations for next year's proxy statement must be received by us no earlier than September 3, 2025 and no later than October 3, 2025.

Copy of Bylaw Provisions: You may contact our Corporate Secretary at our corporate headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. Additionally, a copy of our Bylaws can be accessed on the Agilent Investor Relations website under “Governance”.

Q: How do I obtain a separate set of proxy materials if I share an address with other stockholders?

A: To reduce expenses, in some cases, we are delivering one set of the proxy materials (if hard copies are requested by the stockholders) or, where applicable, one Notice to certain stockholders who share an address, unless otherwise requested by one or more of the stockholders. For stockholders receiving hard copies of the proxy materials, a separate proxy card is included with the proxy materials for each stockholder. For stockholders only receiving a Notice, the Notice will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you have only received one set of the proxy materials or one Notice at a shared address, you may request separate copies at no additional cost to you by contacting us at the below contact details, and we will deliver separate copies promptly upon written or oral request.

Agilent Technologies, Inc.

If you received a Notice and you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

You may also request separate paper proxy materials or a separate Notice for future annual meetings by following the instructions for requesting such materials in the Notice, or by contacting us by calling or writing.

Q: ***If I share an address with other stockholders of the company, how can we get only one set of voting materials for future meetings?***

A: You may request that we send you and the other stockholders who share an address with you only one Notice or one set of proxy materials (e.g., proxy statement and Annual Report on Form 10-K) by contacting us at:

Diluted shares - as adjusted		291		296		302

The adjustment for taxes excludes tax expense (benefits) that management believes are not directly related to on-going operations and which are either isolated, temporary or cannot be expected to occur again with any regularity or predictability such as the realized gain/loss due to sale of a business, windfall benefits on stock compensation, and the impact of R&D capitalization under section 174 of the Tax Cuts and Jobs Act of 2017. For the year ended October 31, 2024, management used a non-GAAP effective tax rate of 12.50%. For the year ended October 31, 2023, management used a non-GAAP effective tax rate of 13.75%. For the year ended October 31, 2022, management used a non-GAAP effective tax rate of 14.00%.

We provide non-GAAP net income and non-GAAP net income per share amounts in order to provide meaningful supplemental information regarding our operational performance and our prospects for the future. These supplemental measures exclude, among other things, charges related to asset impairments, restructuring and other related costs, amortization of intangibles, transformational initiatives, acquisition and integration costs, business exit and divestiture costs (gain), net loss (gain) on equity securities, pension settlement loss, change in fair value of contingent consideration and loss on extinguishment of debt.

Asset impairments include assets that have been written down to their fair value.

Restructuring and other related costs include incremental expenses incurred in the period associated with restructuring programs, usually aimed at changes in business and/or cost structure. Such costs may include one-time termination benefits, facility-related costs and contract termination fees.

Transformational initiatives include expenses associated with targeted cost reduction activities such as manufacturing transfers including costs to move manufacturing, site consolidations, legal entity and other business reorganizations, insourcing or outsourcing of activities. Such costs may include move and relocation costs, one-time termination benefits and other one-time reorganization costs. Included in this category are also expenses associated with company programs to transform our product lifecycle management (PLM) system and human resources and financial systems.

Acquisition and Integration costs include all incremental expenses incurred to effect a business combination. Such acquisition costs may include advisory, legal, accounting, valuation, and other professional or consulting fees. Such integration costs may include expenses directly related to integration of business and facility operations, the transfer of assets and intellectual property, information technology systems and infrastructure and other employee-related costs.

Business exit and divestiture costs (gain) include costs and gain associated with business divestitures.

Net loss (gain) on equity securities relates to the realized and unrealized mark-to-market adjustments for our marketable and non-marketable equity securities.

Pension settlement loss relates to the relief of the US Retirement Plan pension obligation due to increased lump sum payouts over a specified accounting threshold.

Change in fair value of contingent consideration represents changes in the fair value estimate of acquisition-related contingent consideration.

Loss on extinguishment of debt for the year ended October 31, 2022 relates to the net loss recorded on the redemption of the $600 million outstanding 3.875% 2023 senior notes due on July 15, 2023, called on April 4, 2022 and settled on May 4, 2022.

Other includes certain legal costs and settlements, special compliance costs, acceleration of stock-based compensation expense and other miscellaneous adjustments.

Impact of tax rate adjustment relates to the impact of applying tax rate of 15.75% for LTPP (long-term performance plan) EPS calculation versus FY22 non-GAAP tax rate of 14.00%.

Our management uses non-GAAP measures to evaluate the performance of our core businesses, to estimate future core performance and to compensate employees. Since management finds this measure to be useful, we believe that our investors benefit from seeing our results “through the eyes” of management in addition to seeing our GAAP results. This information facilitates our management’s internal comparisons to our historical operating results as well as to the operating results of our competitors.

Our management recognizes that items such as amortization of intangibles can have a material impact on our cash flows and/or our net income. Our GAAP financial statements including our statement of cash flows portray those effects. Although we believe it is useful for investors to see core performance free of special items, investors should understand that the excluded items are actual expenses that may impact the cash available to us for other uses. To gain a complete picture of all effects on the company’s profit and loss from any and all events, management does (and investors should) rely upon the GAAP income statement. The non-GAAP numbers focus instead upon the core business of the company, which is only a subset, albeit, a critical one, of the company’s performance.

Readers are reminded that non-GAAP numbers are merely a supplement to, and not a replacement for, GAAP financial measures. They should be read in conjunction with the GAAP financial measures. It should be noted as well that our non-GAAP information may be different from the non-GAAP information provided by other companies.

The reconciliation of adjusted non-GAAP income from operations and operating margins for the years ended October 31, 2024 and 2023 is as follows:

RECONCILIATION OF ADJUSTED NON-GAAP INCOME FROM OPERATIONS AND OPERATING MARGINS
(In millions, except margin data)

Adjusted non-GAAP income from operations	$ 1,705	26.5%	$ 1,844	27.7%

We provide non-GAAP income from operations and non-GAAP operating margin amounts in order to provide meaningful supplemental information regarding our operational performance and our prospects for the future. These supplemental measures exclude, among other things, charges related to asset impairments, restructuring and other related costs, amortization of intangibles, transformational initiatives, acquisition and integration costs and change in fair value of contingent consideration.

Our management recognizes that items such as amortization of intangibles can have a material impact on our cash flows and/or our net income. APPENDIX B
TO PROXY STATEMENT
THIRD AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION
OF
AGILENT TECHNOLOGIES, INC.

Agilent Technologies, Inc., a corporation organized and existing under the laws of the State of Delaware, does hereby certify:

1. The name of the corporation is Agilent Technologies, Inc. Agilent Technologies, Inc. was originally incorporated under the name HP Measurement, Inc., and the original Certificate of Incorporation was filed with the Secretary of State of the State of Delaware on May 4, 1999.

2. Pursuant to Sections 242 and 228 of the General Corporation Law of the State of Delaware, the amendments and restatement herein set forth have been duly approved by the Board of Directors and stockholders of Agilent Technologies, Inc.

3. Pursuant to Section 245 of the General Corporation Law of the State of Delaware, this Third Amended and Restated Certificate of Incorporation restates and integrates and amends the provisions of the Second Amended and Restated Certificate of Incorporation of this corporation.

4. The text of the Second Amended and Restated Certificate of Incorporation is hereby restated and amended to read in its entirety as follows:

ARTICLE I

The name of the Corporation is Agilent Technologies, Inc. (the "Corporation").

ARTICLE II

The address of the Corporation's registered office in the State of Delaware is 1209 Orange Street, Wilmington, Delaware 19801, County of New Castle. The name of its registered agent at such address is The Corporation Trust Company.

ARTICLE III

The nature of the business or purposes to be conducted or promoted by the Corporation is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of the State of Delaware, as the same exists or may hereafter be amended.

ARTICLE IV

The Corporation is authorized to issue two classes of stock to be designated, respectively, Common Stock, par value $0.01 per share ("Common Stock") and Preferred Stock, par value $0.01 per share ("Preferred Stock"). The total number of shares of Common Stock that the Corporation shall have authority to issue is 2,000,000,000. The total number of shares of Preferred Stock that the Corporation shall have authority to issue is 125,000,000. The Preferred Stock may be issued from time to time in one or more series.

The Corporation shall from time to time in accordance with the laws of the State of Delaware increase the authorized amount of its Common Stock if at any time the number of shares of Common Stock remaining unissued and available for issuance shall not be sufficient to permit conversion of all outstanding Preferred Stock.

The Board of Directors is hereby authorized, subject to limitations prescribed by law and the provisions of this Article IV, by resolution to provide for the issuance of the shares of Preferred Stock in one or more series, and to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, privileges, preferences, and relative participating, optional or other rights, if any, of the shares of each such series and the qualifications, limitations or restrictions thereof.

The authority of the Board of Directors with respect to each series shall include, but not be limited to, determination of the following:

A. The number of shares constituting that series (including an increase or decrease in the number of shares of any such series (but not below the number of shares in any such series then outstanding)) and the distinctive designation of that series;

B. The dividend rate on the shares of that series, whether dividends shall be cumulative, and, if so, from which date or dates, and the relative rights of priority, if any, of payment of dividends on shares of that series;

C. Whether that series shall have the voting rights (including multiple or fractional votes per share) in addition to the voting rights provided by law, and, if so, the terms of such voting rights;

D. Whether that series shall have conversion privileges, and, if so, the terms and conditions of such privileges, including provision for adjustment of the conversion rate in such events as the Board of Directors shall determine;

E. Whether or not the shares of that series shall be redeemable, and, if so, the terms and conditions of such redemption, including the date or dates upon or after which they shall be redeemable, and the amount per share payable in case of redemption, which amount may vary under different conditions and at different redemption rates;

F. Whether that series shall have a sinking fund for the redemption or purchase of shares of that series, and, if so, the terms and the amount of such sinking funds;

G. The rights of the shares of that series in the event of voluntary or involuntary liquidation, dissolution or winding up of the Corporation, and the relative rights of priority, if any, of payment of shares of that series; and

H. Any other relative rights, preferences and limitations of that series.

No holders of shares of the Corporation of any class, now or hereafter authorized, shall have any preferential or preemptive rights to subscribe for, purchase or receive any shares of the Corporation of any class, now or hereafter authorized, or any options or warrants for such shares, or any rights to subscribe for, purchase or receive any securities convertible to or exchangeable for such shares, which may at any time be issued, sold or offered for sale by the Corporation, except in the case of any shares of Preferred Stock to which such rights are specifically granted by any resolution or resolutions of the Board of Directors adopted pursuant to this Article IV.

ARTICLE V

Effective as of the time at which Hewlett-Packard Company, a Delaware corporation, and its affiliates shall cease to be the beneficial owner of an aggregate of at least a majority of the then outstanding shares of Common Stock (the “Trigger Date”), any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of such holders and may not be effected by any consent in writing by such holders. Effective as of the Trigger Date, except as otherwise required by law and subject to the rights of the holders of any class or series of stock having a preference over the Common Stock as to dividends or upon liquidation, special meetings of stockholders of the Corporation for any purpose or purposes may be called only by or at the direction of (a) the Board of Directors, (b) the Chairman of the Board of Directors of the Corporation, or (c) the Secretary of the Corporation at the written request, in accordance with and subject to the Bylaws of the Corporation, of stockholders holding continuously for at least one (1) year an aggregate net long position of not less than twenty percent (20%) of the Voting Stock. No business other than that stated in the notice shall be transacted at any special meeting.

ARTICLE VI

The Corporation is to have perpetual existence.

ARTICLE VII

For the management of the business and for the conduct of affairs of the Corporation, and in further definition, limitation and regulation of powers of the Corporation, of its directors and of its stockholders or any class thereof, as the case may be, it is further provided that:

A. The management of the business and the conduct of the affairs of the Corporation shall be vested in its Board of Directors. The number of directors of this Corporation shall be fixed and may be changed from time to time by resolution of the Board of Directors.

B. The Directors, other than those who may be elected by the holders of any class or series of stock having a preference over the Common Stock as to dividends or upon liquidation, shall be classified, with respect to the time for which they severally hold office, into three classes, as nearly equal in number as possible, one class to be originally elected for a term expiring at

the annual meeting of stockholders to be held in 2000, another class to be originally elected for a term expiring at the annual meeting of stockholders to be held in 2001, and another class to be originally elected for a term expiring at the annual meeting of stockholders to be held in 2002, with each class to hold office until its successor is duly elected and qualified, At each succeeding annual meeting of stockholders, directors elected to succeed those directors whose terms then expire shall be elected for a term of office to expire at the third succeeding annual meeting of stockholders after their election.

C. Notwithstanding the foregoing provisions of this Article VII, each director shall serve until his or her successor is duly elected and qualified or until his or her death, resignation or removal. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

D. Any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal, or other causes unless the Board of Directors determines by resolution that any such vacancies or newly created directorships shall be filled by stockholders, and except as otherwise provided by law, shall be filled only by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board of Directors and not by the stockholders.

E. In furtherance and not in limitation of the powers conferred by the laws of the State of Delaware, the Board of Directors is expressly authorized to make, alter, amend or repeal the Bylaws of the Corporation.

F. The directors of the Corporation need not be elected by written ballot unless the Bylaws of the Corporation so provide.

G. Advance notice of stockholder nomination for the election of directors and of any other business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws of the Corporation.

ARTICLE VIII

A. To the fullest extent permitted by the Delaware General Corporation Law as the same exists or as may hereafter be amended, no director of the Corporation shall be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director.

B. The Corporation may indemnify to the fullest extent permitted by law any person made or threatened to be made a party to an action or proceeding, whether criminal, civil, administrative or investigative, by reason of the fact that he, his testator or intestate is or was a director, officer or employee of the Corporation or any predecessor of the Corporation or serves or served at any other enterprise as a director, officer or employee at the request of the Corporation or any predecessor to the Corporation.

C. Neither any amendment nor repeal of this Article VIII, nor the adoption of any provision of this Corporation's Certificate of Incorporation inconsistent with this Article VIII, shall eliminate or reduce the effect of this Article VIII, in respect of any matter occurring, or any action or proceeding accruing or arising or that, but for this Article VIII, would accrue or arise, prior to such amendment, repeal or adoption of an inconsistent provision.

ARTICLE IX

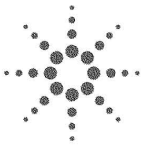

Meetings of stockholders may be held within or without the State of Delaware, as the Bylaws may provide. The books of the Corporation may be kept (subject to any provision contained in the laws of the State of Delaware) outside of the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

ARTICLE X

Except as otherwise provided in Article VIII above, the Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by the laws of the state of Delaware, and all rights conferred upon stockholders herein are granted subject to this reservation.

IN WITNESS WHEREOF, Agilent Technologies, Inc. has caused this Third Amended and Restated Certificate of Incorporation to be executed by Bret DiMarco, its Secretary this [____] day of [_____] 2025.
